SILVER CLEANING

To clean your silver. Mix one-half cup of salt and three-fourths cup of soapflakes with sufficient cold water to cover the silverware laid in an aluminum pan. Bring to a boil, then wash silver in hot soapy water. CAUTION: Do not use on filigreed silver. Solution may remove the oxidation in the intricate designs and it will take some time for them to darken again.

A HEAVY LOAD

Shoppers each year carry some
 1,400 pounds of groceries home for
 each person in the family. The
 load, however, is about 100
 pounds lighter than it was in the
 1940's — partly because of in-
 creases in food processing, partly
 because of changes in consumer
 tastes.

EASE YOUR EYES

Seamstresses should take a few min-
 utes off each half hour for the sake
 of their eyes. Close work over a long
 period of time can put strain on eyes
 and one way to lessen the fatigue is
 to glance off into the distance for a
 moment every now and then.
