TREATMENT OF ACCIDENTAL POISONING

Presented by: The Alberta Pharmaceutical Association and The Association of Canadian Community Pharmacists in co-operation with the Edmonton Society of Pharmacists.
Provided as a public service by Alberta Government Telephones.

SWALLOWED POISONS

THIS IS AN EMERGENCY, ANY NON-FOOD SUBSTANCE IS A POTENTIAL POISON!

1. Dilute the poison by giving one or two glassfuls of water. Do not use carbonated fluids.
2. Call your doctor or the Emergency Department of your nearest hospital.
3. If the patient is unconscious or having fits — **DO NOT INDUCE VOMITING** but transport to a medical facility at once.

REMEMBER — DO NOT PANIC!

If the poison contains petroleum products
(eg. kerosene, gasoline).

DO NOT INDUCE VOMITING

If the poison is a strong corrosive
(eg. lye, strong acid, drain cleaner,
ammonia, bleach, oven cleaner).

DO NOT INDUCE VOMITING

Give large amounts of water or milk and repeat if vomiting occurs naturally.

For other types of swallowed poisons.

INDUCE VOMITING if directed, by giving Syrup of Ipecac, or tickling the back of the throat with a blunt object. After vomiting has occurred, Activated Charcoal in a little water may be given if available.

IN ALL CASES: Transport to a medical facility at once.

BRING THE PACKAGE OR CONTAINER WITH INTACT LABEL!

ASK YOUR PHARMACIST ABOUT OBTAINING SYRUP OF IPECAC AND ACTIVATED CHARCOAL FOR YOUR MEDICINE CHEST!

INHALED POISONS

(fuel gases, auto exhaust, dense smoke)

Get the victim into fresh, clean air. Loosen clothing.

If the victim is not breathing, start artificial respiration promptly. Do not stop until the patient is breathing well, or help arrives.

Have **someone else** call a doctor, hospital, poison control centre or rescue unit.

Transport the victim to a medical facility at once.

CHEMICAL SPILLS

SKIN

Wash the skin with a large amount of water. Use soap if available.

Remove contaminated clothing.

Call a doctor or poison control centre and transport the victim to a medical facility if necessary.

EYE

Gently wash the eye for 5 minutes with the eyelid open using plenty of water (or milk if water is not available).

Remove contact lenses if worn.

NEVER allow the eye to be rubbed.

Transport to a medical facility at once.
