TREATMENT OF ACCIDENTAL POISONING

Presented by: The Alberta Pharmaceutical Association and The Association of Canadian Community Pharmacists in co-operation with the Edmonton Society of Pharmacists.
Provided as a public service by Alberta Government Telephones.

SWALLOWED POISONS

THIS IS AN EMERGENCY, ANY NON-FOOD SUBSTANCE IS A POTENTIAL POISON!

1. Dilute the poison by giving one or two glassfuls of water. Do not use carbonated fluids.
2. Call your doctor or the Emergency Department of your nearest hospital.
3. If the patient is unconscious or having fits — **DO NOT INDUCE VOMITING** but transport to a medical facility **at once**.

REMEMBER — DO NOT PANIC!

If the poison contains petroleum products
(eg. kerosene, gasoline).

DO NOT INDUCE VOMITING

If the poison is a strong corrosive
(eg. lye, strong acid, drain cleaner,
ammonia, bleach, oven cleaner).

DO NOT INDUCE VOMITING

Give large amounts of water or milk and repeat if vomiting occurs naturally.

For other types of swallowed poisons.

INDUCE VOMITING if directed, by giving Syrup of Ipecac, or tickling the back of the throat with a blunt object. After vomiting has occurred, Activated Charcoal in a little water may be given if available.

IN ALL CASES: Transport to a medical facility **at once**.

BRING THE PACKAGE OR CONTAINER WITH INTACT LABEL!

ASK YOUR PHARMACIST ABOUT OBTAINING SYRUP OF IPECAC AND ACTIVATED CHARCOAL FOR YOUR MEDICINE CHEST!

INHALED POISONS

(fuel gases, auto exhaust, dense smoke)

Get the victim into fresh, clean air. Loosen clothing.

If the victim is not breathing, start artificial respiration promptly. Do not stop until the patient is breathing well, or help arrives.

Have **someone else** call a doctor, hospital, poison control centre or rescue unit.

Transport the victim to a medical facility **at once**.

CHEMICAL SPILLS

SKIN

Wash the skin with a large amount of water. Use soap if available.

Remove contaminated clothing.

Call a doctor or poison control centre and transport the victim to a medical facility if necessary.

EYE

Gently wash the eye for 5 minutes with the eyelid open using plenty of water (or milk if water is not available).

Remove contact lenses if worn.

NEVER allow the eye to be rubbed.

Transport to a medical facility **at once**.

The Telephone Pioneers

- Making Tomorrow's History Today

No ordinary stuffed toy, this Snoopy. He "talks"...to children locked in a lonely world of silence, often sparking a response that is the start of a miracle.

Snoopy is one of several projects sponsored by the Telephone Pioneers of America...an organization of telephone employees, active and retired, sharing a dedication to three principles... fellowship, loyalty, service. Fellowship with one another, loyalty to their industry, and voluntary service to the community. Their technical expertise has created many aids for the handicapped.

He and other "talking" toys are invaluable tools for teachers and speech therapists attempting to communicate with autistic and retarded children. There's the beeping ball, horseshoe, liquid level indicator and puck, which allow the blind to participate in activities not previously possible for them.

They have also developed for various Police Departments "talking bicycles" which are used to promote bike safety and maintenance. The bicycle's "voice box" is a synchronized tape recording unit which is attached to the bicycle's frame and ex-

plains road safety to young children. In addition, the recorder activates a series of flashing lights attached to the frame of the bike during bicycle maintenance sessions.

Telephone Pioneers also assist the hearing handicapped, the elderly, and the disadvantaged; and work to improve the environment.

**Telephone
of America
Pioneers**

These are some of the contributions made by the Telephone Pioneers of America. The full story adds a proud chapter to the history of the telephone industry.
