Telephone cords and water don't mix. A wet cord can put your telephone out of order. So please keep your telephone cord away from sinks, valves, steam and other places where water might get on it.

HUNTING

for a reliable firm?
You'll find hundreds of
them right here in the
YELLOW PAGES

WASHABLE

Hot water and the type of detergent used in laundering woven woolen fabrics are not the causes of shrinkage of the material. The temperature of the water affects the amount of soil removed, however. Water at 120 degrees F. with a detergent will do a much better cleaning job than at 70 degrees.

FOR THOSE WHO PURCHASE NOT PRICE BUT QUALITY
 Indeed When Only The Best Will Do It's

CRYSTAL-CLEAR MAINTENANCE ENGINEERING

**A NAME THAT SPEAKS FOR ITSELF IN CUSTOM
 FRAMEWORK REJUVENATION & WINDOW CLEANING**

"IT'S UNWISE TO PAY TOO MUCH . . . BUT IT'S WORSE TO PAY TOO LITTLE!"

"When you pay too much you lose a little money — that is all. When you pay too little however, you sometimes lose everything, because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot — it can't be done. If you deal with the lowest bidder it is well to add something for the risk you run. And if you do that you will have enough to pay for something better. In other words, there is hardly a thing in the world that some men cannot make a little poorer and sell a little cheaper, and the people who consider price only are considered such men's lawful prey!" — John Ruskin

Which Is To Say

"We have no quarrel with competitors who sell for less — after all they know what their services are worth!"

As For Us, Quite Simply "We're the biggest 'cause we're the best!"
