It's easier to understand and jot down numbers too, if they are spoken in sequence with pauses between groups of numerals. For instance, in reading aloud the telephone number of our business office, we would say, "Two two four (pause) six two, six one."

EASE YOUR EYES

Seamstresses should take a few minutes off each half hour for the sake of their eyes. Close work over a long period of time can put strain on eyes and one way to lessen the fatigue is to glance off into the distance for a moment every now and then.

CLEANING FURNITURE

To remove accumulations of old, discolored wax on furniture, rub it with a piece of terrycloth toweling wrung out of a hot solution of sal soda concentrated. Use about three table-spoons of the sal to a quart of water. Rinse, wipe, and let thoroughly dry before rewaxing.
