**EASE YOUR EYES**

Seamstresses should take a few minutes off each half hour for the sake of their eyes. Close work over a long period of time can put strain on eyes and one way to lessen the fatigue is to glance off into the distance for a moment every now and then.

**MOST VALUABLE**

The most valuable part of the potato-protein and mineral matter is directly under the skin, so to cut thick parings is to throw away good food. It is really better to cook potatoes in their skins.
