SHORTENS LIFE

Repeated pressing of creases in the same place in linen napkins and tablecloths may break the thread and shorten the life of the linens. PAINTER'S TIP Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.

MORE INSTANT COFFEE USED

Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.

BRIGHTEN UP

Children's pillows, chairs and couches can be covered with heavy utility towelling. Because the covers are easy to wash, they can always look bright and fresh.

AVOID GOLD

When buying a carpet avoid gold as a solid color, because gold cut pile shows foot tracks, litter, dust and fuzz and requires much more care.

FURNITURE STAIN REMOVER

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.
