**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

It's always a good idea to keep a set of tools in your trunk in case of emergency. Include a properly inflated tire, jack, jumper cables, flares, clean rags, screw driver and wrench.

Careless dialing puts other people to needless bother—and delays your call. Please make sure of the right number, listen for the dial tone, then dial carefully.
