**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Prospective customers usually 'shop around' by telephone. Be sure they see your message — Classify all your products and services in the YELLOW PAGES.

If you drive with your lights on all the time you're 15 to 20% less likely to be hit by another vehicle. SO LIGHT UP AND BE SEEN.

People who are ready to buy turn first to the Yellow Pages. If you have something to sell or a service to offer, here's the place to tell about it. The "Yellow Pages" places your name, address and telephone number before the buyer at the very moment he wants your product or service. Call the business office for information.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
