Every employee of the telephone company carries an identification card. We suggest that you refuse access to your premises to anyone who represents himself as from the telephone company, but who cannot so identify himself.

People who are ready to buy turn first to the "Yellow Pages." If you have something to sell or a service to offer, here's the place to tell about it. The "Yellow Pages" places your name, address and telephone number before the buyer at the very moment he wants your product or service. Call the business office for information.

When you just can't wait to tell them.

- I will bring you into the shop and show you the problem. Often, the minor set-up/adjustment problem can be done for \$40 and up, and you will be on your way.
- If it is not a minor problem, I will explain to you what the problem is and, if you decide to leave your vehicle with us one of my people can either drive you home or to your place of work, or I can fix you up with one of our 20 courtesy vehicles. Drive my car while I fix yours.

**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
