4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Don't forget to plan for
concealed telephone conduit
and convenient locations
for telephone outlets
when you build your new
home. These built-in tele-
phone facilities add real
value to a home yet their
cost is very small if they
are installed during
construction.
