## AAASTRO TRANSMISSION & CLUTCH

Don McKenna  
272-5666 911 - 46 Ave. S.E. Calgary, AB T2G 2A5 Tel: 272-5666  
Off Blackfoot Trail - East of Shaw GMC (Aaastro was formerly located at Hubalta Rd. S.E.)

YOU WILL FIND TRANSMISSIONS ADVERTISED FOR AS LOW AS \$200 AND TRANSMISSION SERVICE FOR \$14.95 OR \$19.95. THIS IS DISHONEST. PLEASE READ-ON.

### PRICING POLICY:

Our pricing policy is different from the Industry Practice. For one low package price, you get a fully re-manufactured transmission installed with total labor and soft parts which include a brand new high quality master parts kit that contains all of the normal wear and tear parts. The same price applies - whether we install a unit from our own inventory or we rebuild your transmission. The package price does not include replacement of hard parts. Hard parts that we cannot re-machine and have to be replaced will be charged at an additional wholesale price. This way everyone gets a fully rebuilt transmission, but not everyone pays for the worst case scenario.

### BE WARNED:

Transmissions advertised for \$200 and Transmission Service Tune-ups for \$14.95 or \$19.95 is a dishonest trap to lure customers through the door. The price will increase once your car is in their hands. Many shops are not fully equipped with specialty transmission tools, computer diagnostic equipment, or washers to wash your transmission. Such operations draw in the customers by quoting unbelievably low prices. They rarely stay in business long enough to honor your warranty.

### WHY DO OTHER SHOPS HATE OUR DYNOTESTER:

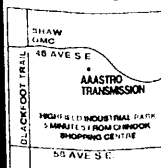

A Dyno-tester or a Dynamometer is a machine that road tests your transmission before it is installed in your car. Its twelve gauges give accurate readings of every component of your transmission. Even nation-wide franchises do not have this equipment as it represents a huge investment; one they are not willing to make. This is why the automotive industry buys our transmissions.

In a fully professional manner like Auto Manufacturers and Race Car Teams, we insist upon Dyno-Testing your transmission before it is installed in your car. We DO NOT believe in using your car as a test-bed for fixing transmissions. Other shops claim that a Dyno-Tester is an unnecessary luxury simply for the use of untrained mechanics. They dislike the fact that they cannot keep up with our "fix it right the first time" goal.

AAASTRO IS THE HIGHEST VOLUME, AND THE ONLY 13 FULL SERVICE BAYS TRANSMISSION SHOP IN CANADA.

### FORTUITOUS ADVICE:

- Do not always think of a rebuilt transmission. At AAASTRO we always think of minor repairs first.
- Understand the problem - *for example*: If you have an oil leak, understand the difference between the external or rear oil seal leak vs. a front transmission oil seal leak. External or rear seal is simple to replace. Front seal in most cases requires removal of the transmission which is costly.
- Establish the problem first, then get a price quotation. This way you do not get ripped off.
- If your car is driveable, just drop into our shop without an appointment. We will at no charge express an opinion on your vehicle. If it is not driveable, we will have it towed to our shop.
- Be wary of prices when dealing with nation-wide franchises. Their prices are kept artificially high as a matter of their head office policy. They do not quote you a price until they have removed the transmission from your car for which you incur a hefty charge. If you find yourself in that dilemma, telephone us.
- Avoid freebies - they are not free. Advertisements offer free installation, free hard parts, free torque converter, free GST, free oil, free Courtesy cars. There is ALWAYS a catch. At AAASTRO we follow a simple policy - you get what you pay for and you pay a low price for what you get.

**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

**4 GOOD REASONS FOR  
HANDLING COMPLAINTS  
BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
