CARPET LORE

Legend says that the first oriental rug was made as a substitute for a pavement in a Persian city. After seeing the lovely streets, a nomadic prince ordered his weavers to produce copies for his royal tent.

MARBLE STAINS

Most stains on marble are removed best with the application of a poultice. To make a poultice, soak a piece of white blotting paper, white napkin, white cleansing tissue, or commercial whitening in one of the following solutions: for organic stains, use ammonia or hydrogen peroxide in hair bleach strength; for oily stains, an amyl acetate or acetone solvent.

CARPET HINT

Grease and soot stains on a carpet may be removed by sprinkling with salt and rubbing vigorously. Several applications may be necessary. Old stains may be lightened considerably by rubbing with a salt and water paste. To restore freshness, wipe with a cloth or sponge which has been dipped in a strong salt solution and wrung out to remove excess moisture.

SUDS HINT

It is pretty messy when a washing machine bubbles over, so keep a box of salt in the laundry room to sprinkle on suds that threaten to overflow.
