### FURNITURE STAIN REMOVER

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

**MARBLE STAINS**

Most stains on marble are removed  
best with the application of a poultice.  
To make a poultice, soak a piece of  
white blotting paper, white napkin,  
white cleansing tissue, or commercial  
whiting in one of the following solu-  
tions: for organic stains, use ammonia  
or hydrogen peroxide in hair bleach  
strength; for oily stains, an amyl  
acetate or acetone solvent.

**MORE INSTANT COFFEE USED**

Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.

When in doubt about a telephone  
number, please look in the  
telephone directory first.

That helps you, helps others, and  
helps telephone people to do a  
better job for you.
