YELLOW PAGES

These Yellow Pages cover the Territory indicated in the Shaded Area

Yellow Pages Advertising rates and information are available by contacting the Directory Department, Alberta Government Telephones at 140 - 6th Avenue S.W., Calgary or Telephone 231-7187. (Collect)

AGT IS NOT LIABLE FOR ERRORS OR OMISSIONS OCCURRING IN DIRECTORY LISTINGS OR ADVERTISING. ALLOWANCES MAY BE MADE FOR ANY ERRORS OR OMISSIONS BUT WOULD BE BASED ON THE ASSOCIATED MONTHLY CHARGES.

POSTAL INFORMATION

Postal Standards

Mechanized mail processing is the answer to your need for a reliable and economical postal service. 'Non-standard' mail is rejected from the mechanized system and has to be sorted manually. This means extra

processing and leads to the possibility of service delays. 'Standard' mail, on the other hand, enjoys the most modern and efficient processing possible. Postal Standards are in everybody's best interests.

Consult your suppliers about Postal Standards

When ordering stationery and forms,

when specifying printing,

when doing business with graphic designers

tell your supplier that the product you buy must meet Postal Standards

This information was extracted from the more detailed Canada Post Standards Manual. For your copy, contact your local Post Office Marketing Representative or your Postmaster, who will be happy to give you one.

Postal Standards

1. Size

All envelopes must be rectangular in shape. Dimensions must fall within the minimums and maximums shown below.

2. Graphics

Envelope graphics must be clear of certain areas that are required for machine processing.

Recommended location for Return Address, including Postal Code

A 45 mm (1 3/4") space along the bottom of the envelope must be clear of all graphics

3. Windows

Windows must be fully covered with transparent material that allows easy reading of the address underneath

Windows should be just large enough to accommodate the longest address, without allowing other information to slip into the window area.

J. Smith
10 Esplanade
WINNIPEG, Manitoba
R7C4

Enclosures should fit the envelope snugly to ensure that the address does not slip out of the window area

Mr. J. Smith
100 Esplanade
WINNIPEG, Manitoba

MARBLE STAINS

Most stains on marble are removed best with the application of a poultice. To make a poultice, soak a piece of white blotting paper, white napkin, white cleansing tissue, or commercial whitening in one of the following solutions: for organic stains, use ammonia or hydrogen peroxide in hair bleach strength; for oily stains, an amyl acetate or acetone solvent.

Building packages available to builders and home owners.
