

## INFORMATION CONCERNING THE NEW POSTAL CODE SYSTEM

The Postal CODE is composed of both letters and numbers, in the form of ANA NAN, where "A" represents a letter of the alphabet, and "N" a number.

There is a space separating the first three characters, called Area Designator, from the last three, the Local Designator.

Once you have been given your Postal CODE, it is a permanent part of your address. Your Postal CODE will change only if you move.

### ADDRESS CORRECTLY

Return address ensures prompt return in case of non-delivery.

Proper prepayment prevents delay in delivery.

The diagram shows a rectangular envelope with a scalloped border. In the upper left corner, the return address is printed: Mr. L. W. Jones, Suite 530, 147 Laurier Ave. W., Ottawa, Ontario, K1P 5J2. In the upper right corner, there is a square box representing a postage stamp. In the center of the envelope, the recipient's address is printed: Mr. W. M. Smith, Apartment 5, 150 Nepean St., OTTAWA, Ontario, K2P 0B6. Arrows point from the text above to the return address, the stamp box, and the recipient address.

Always give full details of street address, apartment number and name of Post Office. Also include the postal code where applicable.

### POSTAL POINTERS

- 1) Address your mail fully, clearly and without misleading abbreviations.
- 2) Be sure to include apartment or suite number in address.
- 3) Place your return address in the upper left corner.
- 4) Give your correspondents your correct postal address including your postal CODE.
- 5) Never enclose coins or other hard objects in letters.
- 6) Send remittances by Post Office Money Order.
- 7) Properly pack parcels.
- 8) Place postage stamps in upper right corner. Prepay postage fully.
- 9) Insure your parcels and register letters of value.
- 10) Mail early and often. Mail deferred until the last moment may miss early despatches.
