### **KNOW YOUR TEA?**

A tea taster may be able to identify  
as many as 1,500 different teas. By  
examining a dry leaf, he can tell where  
the tea was grown, sometimes even  
the estate it came from, what time of  
year it was plucked, its probable taste  
and cost.

## A HEAVY LOAD

Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.
