4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

**IT'S IN YOUR
BEST INTEREST
TO CHECK FIRST**

If you plan to build or have to excavate, you can avoid accidental damage to cables by checking first.

Before digging starts, Dial "0" Zero & ask for Zenith 07128 (No Toll Charge)

For your own protection and your neighbours', it pays to make sure you are on "safe ground." A severed cable may put hundreds of telephones out of service.
