**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Studies have shown that many people use the Yellow Pages as a buying guide. Consider that when you are looking for a place to advertise.

Get the Long Distance Feeling. Long Distance telephone calls meet many personal as well as business needs. Placing a Long Distance call can complete a business deal or bring pleasure to a friend or relative.

Remember, to the caller there is no such thing as an unimportant telephone call. Otherwise, he wouldn't have taken the time and trouble to call you in the first place.

Even when you're miles away . . . we'll be there for you.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
