

CALGARY

**TELEPHONE
DIRECTORY**

JANUARY, 1911

TO TELEPHONE SUBSCRIBERS AND THE
PUBLIC.

All employees of the Alberta Government Telephone System, whose duties require them to enter the premises of subscribers or others, are required to wear a badge similar to that illustrated above. The public is hereby notified to require all persons who desire to enter their buildings or premises for purposes in connection with the Telephone, to exhibit their badges and note the numbers of the same. Any person claiming to be an employee of the Telephone System, who is without this badge should be refused admission and the Local Agent be notified at once by telephone.

ALBERTA GOVERNMENT TELEPHONE SYSTEM

HEAD OFFICE:
PROVINCIAL BUILDINGS, EDMONTON

CALGARY TELEPHONE DIRECTORY

JANUARY, 1911

HON. A. L. SIFTON
Premier, Minister of Public Works.

JNO. STOCKS,
Deputy Minister of Public Works.

A. J. RICHARDS,
Superintendent.

W. J. HARMER,
Asst. Superintendent.

This Directory is the property of the Alberta Government, and is printed for the exclusive use of their patrons, and they assume no liability whatever for damages occurring from errors or omissions in the making up and printing of this book.

NOTICE.

Calgary Directories will be issued on January 1st, May 1st and September 1st each year. Subscribers requiring corrections in their listing must notify Local Agent at the Exchange, 128 Seventh Avenue, West, previous to the 10th day of the month preceding date of issue of Directory.

Special Notice to Automatic Subscribers

INSTRUCTIONS RELATING TO AUTOMATIC TELEPHONES.

IMPORTANT.

Consult the Directory before placing a call and ascertain the number wanted.

1. REMOVE RECEIVER from hook before operating dial.
2. BRING THE FINGER squarely to the finger stop.
3. ALWAYS HANG UP RECEIVER before making a second call.
4. HANG RECEIVER ON HOOK, SMALL END UP, when through talking, otherwise no one can call you.
5. BUSY BUZZ sound in your ear means the line you called for is busy.

HOW TO OPERATE

To call No. 4111—Remove receiver from the hook, place finger in finger hole 4, pull dial down until your finger touches the finger stop; remove your finger and in the same manner pull 1 three times.

You are now connected with 4111.

IMPORTANT—When calling a number allow a slight interval to elapse between each figure.

Place receiver to your ear; if you hear the Busy Buzz, it indicates the line is busy; this being the case, hang up the receiver and call again in a reasonable time. If there is no buzz wait until your party answers.

When through with your conversation hang receiver on hook SMALL end up.

You are now entirely disconnected and ready to call another number and to be called.

Should you by accident fail to pull each figure to the finger stop while making the subscriber's number, or should you make another mistake, you must pull down receiver hook and call figures again.

Don't make a second call without hanging up receiver.

Subscribers having Automatic Telephones will call all numbers 4000 and upwards automatically, with the exception of Rural Subscribers.

For all numbers below 4000, call 6 on the dial and ask Operator for number required.

To reach Long Distance Operator, call 0 on the dial and ask for Long Distance.

When connection is desired with Rural Subscribers, call 91 on the dial and ask for number required.

NOTICE TO SUBSCRIBERS USING ORDINARY TELEPHONES

Consult the Directory before placing a call and ascertain the number wanted.

To call the Operator, remove the telephone from the hook and hold it to the ear. When the operator answers "Number," respond promptly by giving the number of the subscriber's telephone required, giving the figures of the number separately, as "One—four—two—nine," instead of "Fourteen—twenty-nine;" except in cases where number ends in 00 or 000 when hundreds and thousands will be given, as 100—"one hundred," 1100—"Eleven Hundred;" 1000—"one thousand."

Keep the Telephone to your ear and the operator will connect you with the party called for and ring his bell, unless his line is found to be busy, in which case she will notify you of the fact.

Do not hang up your receiver until you have finished talking.

When you have finished talking place the receiver on the hook, small end up, and wait ten seconds before calling another number. This gives the Operator time to disconnect the previous connection.

Answer the calls on your bell promptly.

Face the Transmitter with the mouth half-an-inch from the opening. Speak naturally, distinctly, and not too rapidly.

Call "Information" for subscribers or changes not found in this Directory.

Do not use the Telephone during a thunderstorm.

RULES AND REGULATIONS.

Destroy previous lists.

The right of the subscriber is to use the instruments and connecting lines under such rules as the Government may from time to time prescribe. He shall not extend their use to other individuals, except his servants upon his business, nor shall they be used for any tolls or consideration to be paid by any person other than the Subscriber; nor does this confer on him the right to use any other instrument. There are Public Pay Stations installed at convenient locations for the accommodation of non-subscribers and the general public.

A Subscriber is not allowed to remove or otherwise interfere with the wire connections or parts of any Telephone apparatus leased.

Moving of Instruments.—The Telephone is first located where the Subscriber directs; if, afterwards, the instrument is required to be moved, such removal will be done at the expense of the Subscriber. Local Manager should be notified ten days in advance.

Numbers.—Subscribers are requested not to advertise Telephone Numbers, but simply the word "Telephone," as it may be necessary to change such Numbers.

The use of profane or improper language over the line is strictly forbidden.

Complaints regarding inattention on the part of Operators should be referred to the Chief Operator at the time. If not promptly adjusted, refer to Local Manager, Telephone 100, or District Traffic Manager, Telephone 1160.

Complaints regarding Telephone Troubles should be reported to Trouble Dept. If not promptly adjusted, refer to District Plant Manager, Telephone 250. If the matter is not then satisfactorily arranged, notice should be sent to Superintendent, Edmonton.

Long Distance Service

RULES AND REGULATIONS.

To Make a Long Distance Call.—First call for "Long Distance." (Automatic Subscribers will call No. 0 and ask for Long Distance). When the Long Distance Operator answers, give the number or firm name, the initials and name of the particular person desired, the city or town, and the initials and name of the person originating the call.

Long Distance Charges.—All rates quoted are for an initial period of three minutes. For overtime beyond the initial period charge will be made by the minute.

Where messenger has to be sent, initial toll rate must be paid in addition to messenger service, if party calling does not wait one hour for connection. If delay exceeds one hour, call may be cancelled on payment of messenger service charges.

When a particular person is desired, the name must be given to the Operator, otherwise charge will be made from the time connection is established with the Telephone desired, whether the party required is obtained or not.

Non-subscribers who desire the use of subscribers' telephones should be referred to the nearest Public Pay Station.

Night Rates.—From 6 p.m. to 6 a.m., a night rate of about one-half the day rate, is in effect over the Long Distance lines of the Government. In no case is the night rate to be less than 25 cents, unless the day rate is less, in which case the night and day rates will be the same.

Reversal of Charges.—All charges will be made against the originating office except those messages for which the receiving party expressly agrees to pay. The assent of the receiving party to a reversal charge must be obtained before the connection is established.

Messenger Service.—Upon request, and the prepayment of reasonable charges a messenger will be sent when possible to notify a non-subscriber to come to any Public Pay Station.

Complaints regarding unsatisfactory Long Distance Service should first be made to Local Agent, Telephone 100. If not satisfactorily adjusted, report to District Traffic Manager, Telephone 1160.

What "LINE BUSY" Means

It is easier for an operator to establish a connection than reply "Line busy." Recollection of this simple fact may perhaps smooth out the asperities of a state of mind evoked by a hasty conclusion that the operator simply is shirking. Follow a call into the main exchange, for example. You ask for a certain number. The operator immediately informs you the line is busy. How does she know? Simply by a little admonitory click in the receiver when she tried to "plug in" on the line asked for. She cannot tell you who is talking on the line, how long it has been in use, or how long it is likely to be "busy." All the information she possesses is a "click," but it is sufficient to advise her that some one of the 150 other operators in the exchange had a prior call from or to that number. Had the line been clear, the effort to complete the connection would have been no greater than that required to get the "click;" hence, the task of informing a caller that the line is busy is just so much extra labor—in fact, it involves a double burden, as the subscriber will usually repeat the call until he is able to transact his business. Obviously, therefore, the desire of the operator is to establish the connection when it is first called for. She has no motive in doing otherwise.—From "Telephone Talk."

CALGARY

B. J. TANSEY, Local Agent.

Office, 128 Seventh Avenue, West.

Continuous service.

Report Telephone Troubles to Trouble Department, No. 1300.

Ask Information for New Subscribers' Numbers, Long Distance Line Charges, New Toll Offices and any other information you may require regarding the Government's Telephone service throughout the Province.

See Page 82 for list of Rural Subscribers.

For Fire **ONLY** call Telephone No. 68. (Automatic Subscribers call 6 on dial and ask Operator for No. 68).
