ALBERTA GOVERNMENT TELEPHONES

CALGARY TELEPHONE DIRECTORY

MAY, 1912

HEAD OFFICE :
PROVINCIAL BUILDINGS, EDMONTON

HON. ARTHUR L. SIFTON,
Premier,
Minister of Railways and Telephones.

W. J. HARMER,
Deputy Minister of Railways and
Telephones.

A. J. RICHARDS,
Superintendent.

W. FROSTE,
District Mgr., Calgary.

This Directory is the property of the Alberta Government, and is printed for the exclusive use of their patrons, and they assume no liability whatever for damages occurring from errors or omissions in the making up and printing of this book.

NOTICE.

Calgary Directories will be issued on January 1st, May 1st and September 1st each year. Subscribers requiring corrections in their listing must notify Local Agent at the Exchange, 128 Seventh Avenue, West, previous to the 10th day of the month preceding date of issue of Directory.

How To Use Your Telephone

Consult the Directory in all cases before placing a call. Do not trust to your memory.

(1) Remove receiver from hook before operating dial.

(2) Bring the finger squarely to the finger stop.

IMPORTANT—When calling a number allow a slight interval to elapse between each figure.

(3) Face the instrument and talk in moderate tone directly into the transmitter.

(4) Do not move receiver hook or dial while talking, as this will disconnect you.

(5) Always hang up receiver for a short interval before making a second call, to allow the mechanism to release.

(6) Hang receiver on hook (small end up) when through talking, otherwise no one can obtain connection with your telephone.

(7) BUSY BUZZ. If after calling a number, a buzzing sound is heard, it indicates that the number called for is busy.

Example

To call 4111—Remove receiver from hook, place finger in finger hole 4 and pull dial down until finger touches the finger stop. In the same manner pull 1 three times.

You are now connected with 4111.

Place receiver to your ear. If the busy buzz is heard it indicates that 4111 is busy. This being the case, hang up the receiver and call again within a reasonable time.

At completion of conversation, hang receiver on hook, small end up.

You are now entirely disconnected and ready to call another number or to be called.

If a mistake is made in calling the correct number or if the dial is improperly operated, the receiver must be hung up before calling again. If connection is accidentally broken it should be restored by the calling party. When using an extension telephone listen and speak before operating dial.

Call all subscribers automatically with the exception of Rural subscribers. To obtain connection with a rural subscriber, call No. 91 on the dial and when operator answers, ask for number desired.

For Long Distance operator call "O" on dial.

For Information call Telephone No. 92.

For Trouble Department call Telephone No. 93.

General Rules

INFORMATION

Call Telephone No. 92 for NUMBERS of New Subscribers, Changes, Long Distance Line Charges, New Toll Offices, etc.

LONG DISTANCE SERVICE

See Page 6.

TROUBLE DEPARTMENT

Complaints regarding Telephone Troubles should be reported to Trouble Department, Telephone No. 93. If not promptly adjusted refer to District Manager, Telephone No. 6430. If the matter is not then satisfactorily arranged, notice should be sent to Superintendent, Edmonton. When reporting Trouble give Telephone Number affected and its location, also state as accurately as possible just how trouble manifests itself. Try to be specific, as incomplete information frequently causes delay in locating nature of trouble. If a line you are trying to call, repeatedly tests "busy" notify Trouble Clerk who will investigate whether same is caused by an abnormal condition on line or from use. If any line appears too busy for good service write the District Manager. Subscribers are requested not to engage Trouble or Information Clerks in conversation longer than is necessary, as by so doing, the Clerk may be prevented from giving prompt attention to other patrons.

COURTESIES

Answer promptly.

Wait until bell stops ringing before placing receiver to ear.

When you call any one open the conversation by stating who you are.

When you are called, answer by stating your number or giving your name or firm's name.

Brevity is also courtesy in telephone conversations, as someone else may be endeavoring to communicate with yourself or the other party.

Much confusion and annoyance could be avoided if subscribers would carefully read and carry out instructions.

Notice

Rentals are payable semi-annually in advance. On the second and subsequent instalments subscribers are allowed 25 days from due date to make settlement, after which they are liable to discontinuance of service for non-payment.

Rules and Regulations

Destroy previous lists.

The right of the subscriber is to use the instruments and connecting lines under such rules as the Government may from time to time prescribe. He shall not extend their use to other individuals, except his servants upon his business, nor shall they be used for any tolls or consideration to be paid by any person other than the Subscriber; nor does this confer on him the right to use any other instrument. There are Public Pay Stations installed at convenient locations for the accommodation of non-subscribers and the general public.

A Subscriber is not allowed to remove or otherwise interfere with the wire connections or parts of any Telephone apparatus leased.

MOVING OF INSTRUMENTS—The Telephone is first located where the Subscriber directs; if, afterwards, the instrument is required to be moved, such removal will be done at the expense of the Subscriber. Local Agent should be notified ten days in advance.

NUMBERS—Subscribers are requested not to advertise Telephone Numbers, but simply the word "Telephone," as it may be necessary to change such Numbers.

The use of profane or improper language over the line is strictly forbidden.

Long Distance Service

RULES AND REGULATIONS

To Make a Long Distance Call—Call "Long Distance" in the regular way by operating No. "O" on the dial. When the Long Distance Operator answers, give the number of the telephone from which you are speaking, your own initials and name, the initials and name of the particular person desired and the city or town where he can be located.

Example—Number 4567, J. H. Brown speaking. Get W. K. Jones at Edmonton. If he is not there I will speak to A. F. Smith.

Long Distance Charges—All rates quoted are for an initial period of three minutes. For overtime beyond the initial period a proportionate charge is made per minute.

Long Distance Tolls will be charged to the subscriber from whose instrument the Long Distance message is sent.

Night Rates—From 18 o'clock to 6 o'clock a night rate of about one-half the day rate is in effect over the Long Distance Lines of the Government. In no case is the night rate less than 25 cents, unless the day rate is less, in which case the night and day rates are the same.

Reversal of Charges—All charges will be made against the Originating Office except those messages for which the receiving party expressly agrees to pay. The assent of the receiving party to a reversal of charge should be obtained before the connection is established.

Messenger Service—Upon request, and the prepayment of reasonable charges a messenger will be sent when possible to notify a non-subscriber to come to any Public Pay Station.

When a Particular Person is Desired the Long Distance Operator must be so advised when the call is placed, otherwise charge will be made from the time connection is established with the telephone desired, whether the party required is obtained or not.

Non-Subscribers who desire to use subscribers' telephones should be referred to the nearest Public Pay Station.

Complaints regarding unsatisfactory Long Distance Service should be made to the Chief Operator (Telephone No. 92), and if not then rectified the matter should be referred to the District Manager (Telephone No. 6430), if not then satisfactorily arranged notice should be sent to the Superintendent, Edmonton, Alta.
