

## How to Use - -

### the Classified Section of the Directory - -

To make an efficient use of the Classified Section of the Directory, it must be known that it is a complete list of all business subscribers to the Alberta Government Telephones in the city of Calgary, arranged in alphabetical order under their respective business classifications.

If an accident or sudden illness demands the immediate services of a physician, turn to the heading of Physicians and Surgeons. By noting the street addresses of the doctors listed under this heading, you will be able to find one located nearby to whom you can telephone and save time that may be of vital importance to the sufferer.

If you require the immediate services of a plumber, carpenter or electrician, turn to the heading under which these trades are listed, and telephone to the nearest one in your vicinity.

No matter what service or commodity you are needing, you will find it properly classified in the Directory.

The members of every household and office staff should be familiar with the usage of the Classified Telephone Directory.

This cartoon (original size 18x40) was presented to Dr. C. E. Messenger by Mr. Forrester in 1921 who at that time was cartoonist for the famous Bob Edwards Eye Opener. Mr. Forrester was almost blind and had his sight entirely restored by Chiropractic adjustments. This was one of his ways of expressing his gratitude to Dr. Messenger.

Conscientious Chiropractors will not accept your case unless it is strictly a chiropractic case. Chiropractors do not set broken bones, practice surgery, prescribe drugs or use electricity, but specialize only on the spine.

Consult a Chiropractor today. This consultation costs you nothing. Talk over your own particular ailment with him and let him tell you just what results he has secured in cases similar to yours and what you should expect in your own case.

**DEPARTMENT FOR CHILDREN**

Years of experience and study have proven that the technic we now use in this office is the most effective in the adjustment of the delicate spines and sensitive nervous system of children.

We have equipped ample space in our office exclusively for the proper adjustment and convenience of the little folks.

The charges for our services are surprisingly small.
