the Repair Recommendations of Kepler's Expert Technicians for Peak-High Performance.

WHEN your radio needs repairs it's a good thing to know exactly how much it's going to cost to put it in tip-top condition. That's why more and more radio owners are calling Kepler to pick up their machines at the first sign of trouble. They know that Kepler will check and double check their machines with the most modern testing equipment and that Kepler's charge for a complete check-over job won't be a cent more than \$2.00. They know, too, exactly what it's going to cost to put their radios in as good-as-new condition... for this valuable information is given in Kepler's famous "history sheet" which is only one of the services included in the \$2.00 charge. Next time YOUR radio needs repairs MAKE SURE you know exactly what it's going to cost. Call Kepler and let him pick up YOUR machine... give it his complete \$2.00 check-over service... and find out exactly how much it's going to cost to get it fixed so it will STAY fixed if this service is required.

HERE'S WHAT ELSE YOU GET WHEN KEPLER PICKS UP YOUR RADIO TO GIVE IT HIS COMPLETE LABORATORY TESTING SERVICE

You get the following inspections: All tubes are tested, chassis and speaker examined, minor adjustments made, aerial and ground connections inspected, ground connections cleaned and tightened, all control knobs tightened and adjusted. You also get Kepler's famous "history sheet," as described above, with a complete estimate on further repairs should they be needed.
