The Best Time To Call a Friend Out of Town

Evening is the best time to make a Social out-of-town call, because, between **6.00 P.M.** and **4:30 A.M.** the rates for station to station or "Anyone" calls are reduced to approximately one-half of the day rates. This reduction is possible because after six o'clock in the evening there is a falling off in the number of calls at the end of the business day. This rate applies on calls by number only, and within the Provinces of Alberta and Saskatchewan.

Person to Person night rates are also available during these hours.
