Vibrapac Concrete Masonry Units

Offer These Advantages . . .

FIRE SAFETY . . .

Tests show that Concrete Masonry walls will stand hours of terrific heat with slight, if any, damage.

LOW COST . . .

Concrete Masonry units are reasonable in price, fast and easy to lay, resulting in lower building costs.

LOW INSURANCE . . .

Concrete does not burn. Insurance rates are lower on buildings of Concrete Masonry units.

LIFELONG DURABILITY . . .

Concrete does not deteriorate. It grows stronger with time. Concrete Masonry walls will keep their appearance and fine condition for generations.

ARCHITECTURAL BEAUTY . . .

Concrete Masonry units are a versatile building material of lasting beauty adaptable to any style of architecture.

SANITARY . . .

The solid, tightly-fitted construction of Concrete Masonry units leaves no dirt catching crannies, allows no sifting of dust through cracks.

STORM SAFETY . . .

Where hurricanes, tornadoes and earthquakes occur, buildings of Concrete Masonry construction prove to be the best protection against damage.

RODENT RESISTENT

The "tight" construction possible with Concrete Masonry units effectively keeps rodents and vermin out. They can't gnaw through concrete.

TERMITE PROOF . . .

Termites can't touch Concrete Masonry units. They exist and thrive on cellulose. There is no cellulose in concrete.

SELF-INSULATED

Concrete Masonry units of "hollow molded design" have natural insulating qualities and even more so when cellular aggregates are used in their manufacture.

NEW CUSTOMERS ARE NECESSARY

*Every business must con-
tinue to obtain new cus-
tomers in order to prosper
—old ones move away and
must be replaced.*

*There is no better place for
your business to get ac-
quainted with the new-
comers than through the
YELLOW PAGES
of your telephone directory*
