JEFFERIES CONCRETE MASONRY

A BLOCK
DESIGNED
FOR EVERY
NEED IN
THE
BUILDING
TRADE

**HEAVY and
LIGHT-WEIGHT
CONCRETE BLOCKS
Build Better Buildings**

HERE'S THE REASON WHY

LOW INITIAL COST

Concrete Masonry Units are fast and easy to lay, economical in price, resulting in lower building costs.

LOW UPKEEP

Concrete Masonry does not deteriorate but grows stronger with time, practically eliminating any further upkeep cost.

SELF INSULATED

Concrete Masonry Units of "Hollow" Molded Design, have natural insulating qualities, and even more so when cellular aggregates are used in their manufacture.

FIRE SAFE

Tests show that walls of Concrete Masonry will stand hours of terrific heat with slight, if any damage.

LOW INSURANCE

Buildings built with Concrete Masonry enjoy a lower insurance rate than those of more flammable materials, resulting in a saving over the years.

SOUND PROOF

Concrete Blocks absorb sound. Light-Weight Blocks, because of their cell-like construction, are being used more and more in the building of schools, auditoriums, gymnasiums, commercial buildings and private homes.

We handle a complete line of Masonry Products
