HELPFUL INFORMATION

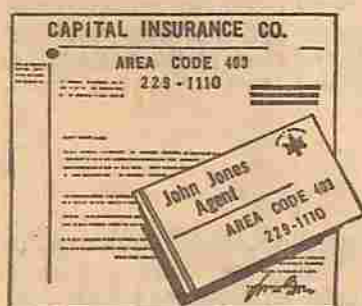

The "Beep" Tone

If you hear a short beep tone about every 15 seconds it indicates that the person with whom you are talking is recording your conversation by means of an electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and is provided by the Telephone Company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Use of a recorder without this signal is not permitted.

Your Business Number is Important

It's good business to make it easy for your customers to reach you. Include your telephone number on stationery, statements and all advertising material. Show the 403 Area Code too, it helps out - of - province parties call you faster.

Pay-Station Service for your Convenience

Pay-Station Telephones are installed throughout Alberta for the convenience of our Customers and the general public. Local conversations should be limited to five minutes in the interests of better service.

Long Distance service is furnished at regular tariff rates upon deposit of the amount of the initial charge (covering three minutes conversation), the usual charges being made for excess time.

Telephone as you would be telephoned to . . .

When your telephone rings answer promptly, and cheerfully identify yourself. If you smile while you are talking on your telephone; the smile will be heard in your voice.

Communication Consultants

Your Telephone Company provides a staff of competent Consultants capable of meeting every communication need that may exist in your residence and business activities.

The Consultant is interested in you and your communication problems.

With his knowledge of communication, you benefit by using the equipment or service best-suited to your requirements.

Telephone Planning

**For
Future
Needs**

Assistance is available in planning telephone needs for new or remodeled homes or office buildings. Arrangements can be made to have the builders provide for present and anticipated future telephone requirements, so that the wiring can be concealed without marking walls or woodwork. CORONATION

SUPPLEMENTARY TELEPHONE DIRECTORY

Covering New Telephone Numbers and Dial Operation

EFFECTIVE JUNE 20, 1965

IMPORTANT NOTICE

This Supplementary Directory is issued to accommodate necessary changes in the telephone numbers for Coronation, effective the above date. In addition, all listings contained herein, have been corrected to date. Please refer to this directory for Coronation listings until the next regular issue of the Central District Telephone Directory.

Since the Coronation rural customers will not receive dial service at this time, you will ring "0" (Operator) and give her the desired rural number.

- Telephone accounts may be paid to: TORONTO-DOMINION BANK — TREASURY BRANCH.

COPYRIGHT, CANADA, BY ALBERTA GOVERNMENT TELEPHONES

This directory is fully protected under the Copyright Laws of Canada and the publication of local telephone directories based upon information contained herein will be regarded as an infringement of our copyright and the publishers thereof subject to action by us to protect that copyright. Customers and others should carefully consider the foregoing if solicited for advertising in local directories.

HOW TO USE THE DIAL TELEPHONE

Exchange Customers:

- 1. REMOVE THE RECEIVER**—Be careful not to move the hook at any time during the call.
- 2. LISTEN FOR THE DIAL TONE**—A steady humming sound, indicating that the equipment is ready for you to dial.
- 3. WHAT TO DIAL**—It is necessary to dial each figure of the number in rotation.
- 4. HOW TO DIAL**—Suppose you are calling 8-5678. To dial this number proceed as follows:
 - (1) Remove receiver and listen for the dial tone.
 - (2) Place your finger in the hole over the figure "8".
 - (3) Turn the dial around until your finger strikes the finger stop, then lift your finger and allow the dial to return to rest without touching it.
 - (4) Repeat this operation for the figures 5678. If you find you have made an error before error before you have completed dialing, hang up the receiver for a few seconds, then remove the receiver, listen for the dial tone, and after hearing it, dial your call again.
- 5. AFTER YOU HAVE FINISHED TALKING**—Hang up the receiver—this will disconnect you from the called telephone. Leave your receiver on the hook for a few seconds before starting to make another call.

To Place Local Calls From Manual Telephones

Consult the Telephone Directory to make sure you have the correct number. Do not trust to your memory.

Local Calls—

- Give the generator crank one short turn to signal the Operator.
- When the Operator answers, give her the number you are calling.

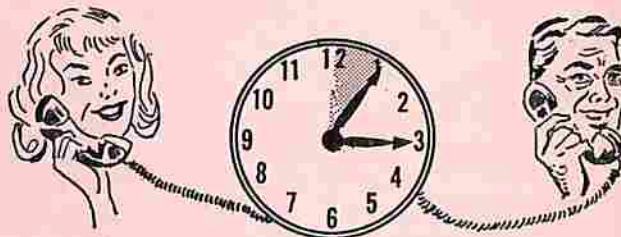

A Customer on your own Line—

- Lift the receiver to make sure the line is clear.
- To call another customer on your line, ring the other party's ring number directly using the generator crank.

When You are Through Talking—

- Replace the receiver and give the generator crank a short turn to signal the Operator and other customers on your line that you are through with your conversation.

Rural line customers should limit conversation to five minutes duration.

Emergency Calls from Party Lines—

Please hang up promptly when told the line is needed for an emergency call to a fire department, police department, for medical aid or ambulance service. The next emergency call may be yours.

REMEMBER — Since the Coronation town customers have dial service at this time, rural customers will ring "Operator" and give her the desired town number.
