SURVIVAL IN A NUCLEAR WAR

THOUSANDS OF LIVES CAN BE SAVED IF THE PEOPLE OF ALBERTA KNOW THE CORRECT ACTION TO TAKE SHOULD A NUCLEAR WAR OCCUR. IT IS IMPERATIVE THAT THE FOLLOWING IMPORTANT FACTS ARE LEARNED AND REMEMBERED.

Emergency Warning

ATTACK WARNING:

The "Attack Warning" signal is a wailing (undulating) tone on sirens of three to five minutes' duration or short blasts on horns or other devices repeated as deemed necessary. The Attack Warning means that an attack on North America has been detected.

On hearing the "Attack Warning" signal, protective action should be taken; here are some suggestions:

- If you are at home go to the basement or strongest part of your house or building which offers the best protection.
- Take your battery radio with you, or turn up the house radio so that you can hear while under cover.
- Stay away from windows.
- Lie down and protect yourself from flying glass and falling debris.
- Shield your eyes from the flash of an explosion.
- If you are away from home take protective cover immediately.
- If you are only a few minutes from a safe destination, proceed and take protective cover immediately.
- Listen to your radio for further instructions.

The same undulating signal may also be used following an attack to warn that radioactive fallout from nuclear explosions is approaching a particular area or region. Upon hearing this signal, you should listen to your radio for further instructions.

Emergency Arrangements

ADVANCE PLANNING

A future war will be different from previous ones. There will be no time to make plans.

Families should plan ahead to provide themselves with fallout protection and emergency supplies.

A selection of booklets explaining the dangers of nuclear war, and outlining protective measures which should be undertaken in advance, is available free of charge from your local Civil Defence Organization, or by writing to Alberta Emergency Measures, Box 10,000, Edmonton.

EMERGENCY SUPPLIES

Your Family should be equipped with a two week supply of food and water in covered containers, clothing and blankets, emergency lighting, heating and sanitation equipment, a first aid kit, including special medicines required by members of the family, and, **MOST IMPORTANT OF ALL, A BATTERY OPERATED RADIO AND SPARE BATTERIES.**

DISPERSAL

If you live in the Edmonton or Calgary Target Areas and plan to evacuate if a warning is sounded, learn your dispersal route and have the emergency supplies listed above, ready for immediate use.

Radio broadcasts will inform you on the action to be taken immediately following the attack warning.

If you live outside the target areas, you should remain in your house, pending broadcast instructions.

DON'T USE YOUR PHONE. Jammed switchboards could delay lifesaving messages.

DON'T PANIC. Warnings do not necessarily mean your area will be attacked.

DON'T GO OUTSIDE. Missing members of your family are probably sheltered elsewhere.

DO LEARN ABOUT YOUR COMMUNITY SURVIVAL PLAN. Contact your local Civil Defence Co-ordinator.

DO VOLUNTEER. Offer your services to your local Civil Defence organization.

DO PROVIDE YOUR FAMILY WITH FALLOUT PROTECTION — DO IT NOW.

For further information contact your local Co-ordinator of Civil Defence or write

THE YELLOW PAGES EXPLAINED

The headings in these Yellow Pages are arranged alphabetically. Business and professional people are listed under the heading which best describes their line of business: Services they perform, or the Products they sell.

Many professions and businesses can be known by more than one finding or descriptive word, e.g., Hairdressers-Ladies' and Beauty Parlors. In these cases, one of the words (or terms) is used as a classified heading under which businesses are listed, and the other is used as a cross reference heading to direct users to the proper finding word, for example:

Hairdressers—Ladies'

See Beauty Parlors

There are also heading classifications, which, though closely related, are not identical in meaning, and are indexed separately, e.g., Lumber—Retail and Lumber—Wholesale.

All listings and information space which appear in columns under headings are arranged in alphabetical order. Products and Services carrying identifying brand names, many with an emblem or insignia, are arranged in alphabetical order by the brand name at the specific product or service heading. Display advertising is compiled in relation to the service or product heading.
