The diamond, symbol of love, is worn on the fourth finger of the left hand because it was once believed that the vena amoris, or vein of love, ran from this finger directly to the heart. The English Prayer Book of 1549 specified that the marriage ring also be placed on the left hand.

**WEDDING RING BOX**

QUICK, FOR CLOTHES CARE  
Colors of clothing can be altered  
from foodstuffs, cosmetics and pers-  
piration that have been permitted  
to stay in garments. These color  
changes often show in acetate fab-  
rics where blue or green turn white,  
or dark blue or black turn red. These  
color changes can be corrected, if  
the professional drycleaner gets  
them soon after the soil. Otherwise,  
the color change may be perma-  
nent.

A receiver left off  
the hook means  
a telephone line  
out of service.

**WASHABLE**

Hot water and the type of de-  
tergent used in laundering woven  
woollen fabrics are not the causes  
of shrinkage of the material. The  
temperature of the water affects  
the amount of soil removed, how-  
ever. Water at 120 degrees F. with  
a detergent will do a much better  
cleaning job than at 70 degrees.
