

**MR. BUSINESSMAN:**

**DO YOU KNOW THAT  
TWO GROUPS OF  
ACTION BUYERS  
USE THE  
YELLOW PAGES**

**BUYERS LOOKING FOR YOU . . .**

1. Recommended
2. Influenced by Your Other Advertising
3. Solicited by You or Your Salesman
4. Passers-by Who Were Impressed by Your Place of Business
5. Your Former Customers

This group of Buyers May Experience Difficulty in Finding You. Here's How To Direct them To You . . .

1. Represent your firm under all headings pertaining to your business.
2. Buyers may remember only your address. Help them find you — Feature your location prominently and provide specific directional information.
3. Give prominence to your slogan. Slogans are sometimes remembered and firm names forgotten.
4. If your firm is known by more than one name, list each name.
5. If your firm name has an unusual spelling, feature it prominently. (Crandall can be spelled either with a "K" or a "C").

**BUYERS LOOKING FOR ANYONE . . .**

1. Newcomers to a Community
2. Emergency Buyers
3. Dissatisfied Buyers
4. Buyers with an infrequent Need for Your Product or Service
5. Competitive Bid Buyers
6. Transients

In Choosing An Advertiser To Do Business with, These Buyers Are Influenced By . . .

1. Reliability  
Years in Business, Experience, Etc.
2. Authorized Sales and Service  
Brand Names
3. Scope of Services—  
Range and Variety
4. Complete Details of Services  
Delivery, "Open 24 Hours," etc.
5. Illustrations and Emblems
6. Location

# SURVIVAL IN A NUCLEAR WAR

THOUSANDS OF LIVES CAN BE SAVED IF THE PEOPLE OF ALBERTA KNOW THE CORRECT ACTION TO TAKE SHOULD A NUCLEAR WAR OCCUR. IT IS IMPERATIVE THAT THE FOLLOWING IMPORTANT FACTS ARE LEARNED AND REMEMBERED.

## Emergency Warning

### ATTACK WARNING:

The "Attack Warning" signal is a wailing (undulating) tone on sirens of three to five minutes duration or short blasts on horns or other devices repeated as deemed necessary. The Attack Warning means that an attack on North America has been detected.

On hearing the "Attack Warning" signal, protective action should be taken; here are some suggestions:

- If you are at home go to the basement or strongest part of your house or building which offers the best protection.
- Take your battery radio with you, or turn up the house radio so that you can hear while under cover.
- Stay away from windows.
- Lie down and protect yourself from flying glass and falling debris.
- Shield your eyes from the flash of an explosion.
- If you are away from home take protective cover immediately.
- If you are only a few minutes from a safe destination, proceed and take protective cover immediately.
- Listen to your radio for further instructions.

The same undulating signal may also be used following an attack to warn that radioactive fallout from nuclear explosions is approaching a particular area or region. Upon hearing this signal, you should listen to your radio for further instructions.

**DON'T USE YOUR PHONE.** Jammed switchboards could delay lifesaving messages.

**DON'T PANIC.** Warnings do not necessarily mean your area will be attacked.

**DON'T GO OUTSIDE.** Missing members of your family are probably sheltered elsewhere.

**DO LEARN ABOUT YOUR COMMUNITY SURVIVAL PLAN.** Contact your local Civil Defence Co-ordinator.

**DO VOLUNTEER.** Offer your services to your local Civil Defence organization.

**DO PROVIDE YOUR FAMILY WITH FALLOUT PROTECTION — DO IT NOW.**

## Emergency Arrangements

### ADVANCE PLANNING

A future war will be different from previous ones. There will be no time to make plans.

Families should plan ahead to provide themselves with fallout protection and emergency supplies.

A selection of booklets explaining the dangers of nuclear war, and outlining protective measures which should be undertaken in advance, is available free of charge from your local Civil Defence Organization, or by writing to Alberta Emergency Measures, Box 10,000, Edmonton.

### EMERGENCY SUPPLIES

Your Family should be equipped with a two week supply of food and water in covered containers, clothing and blankets, emergency lighting, heating and sanitation equipment, a first aid kit, including special medicines required by members of the family, and, **MOST IMPORTANT OF ALL, A BATTERY OPERATED RADIO AND SPARE BATTERIES.**

### DISPERSAL

If you live in the higher risk areas of Edmonton or Calgary and plan to evacuate if a warning is sounded, learn your dispersal route and have the emergency supplies listed above, ready for immediate use.

Radio broadcasts will inform you on the action to be taken immediately following the attack warning.

If you live outside the higher risk areas, you should remain in your house, pending broadcast instructions.

For further information contact your local Co-ordinator of Civil Defence or write

**A HEAVY LOAD**

Shoppers each year carry some  
1,400 pounds of groceries home for  
each person in the family. The  
load, however, is about 100  
pounds lighter than it was in the  
1940's — partly because of in-  
creases in food processing, partly  
because of changes in consumer  
tastes.

**MORE INSTANT COFFEE USED**

Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.

**SILVER CLEANING**

To clean your silver. Mix one-half cup of salt and three-fourths cup of soapflakes with sufficient cold water to cover the silverware laid in an aluminum pan. Bring to a boil, then wash silver in hot soapy water. CAUTION: Do not use on filigreed silver. Solution may remove the oxidation in the intricate designs and it will take some time for them to darken again.

### SAVE ON FOIL

Use aluminum foil to line a small baking pan for oven-baked chicken. Saves on washing up and economical too when the same foil is used to wrap the baked chicken for storage in the refrigerator. Use in the same way for baking fish.

**FLAT BACON.**

Does your bacon curl up and shrink  
in the pan? Try this when frying  
bacon. Fry in regular frying pan  
but place bottom of another pan  
directly over the bacon itself —  
then put it over a low flame. Result  
— nice flat pieces of bacon.

**CARPET HINT**

Grease and soot stains on a carpet may be removed by sprinkling with salt and rubbing vigorously. Several applications may be necessary. Old stains may be lightened considerably by rubbing with a salt and water paste. To restore freshness, wipe with a cloth or sponge which has been dipped in a strong salt solution and wrung out to remove excess moisture.

can get their hands on can be

**FLAT BACON**

Does your bacon curl up and shrink  
in the pan? Try this when frying  
bacon. Fry in regular frying pan  
but place bottom of another pan  
directly over the bacon itself —  
then put it over a low flame. Result  
— nice flat pieces of bacon.

Behind on orders? Let the handy Yellow Pages introduce the suppliers you need. It's fast, it's convenient. Wise buyers say there's nothing like the Yellow Pages of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. **A HEAVY LOAD**

Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.
