

HOW TO USE THE

YELLOW PAGES

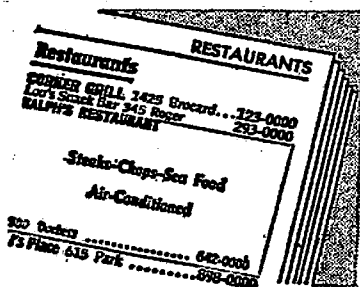

FOR YOUR CONVENIENCE a complete list of all business and professional telephone subscribers, throughout the community, appear in alphabetical order under the classification appropriate to their business, or the article or service they sell. The classifications, too, are in alphabetical order. You can quickly and easily find the Business, Service or Product you need.

WHEN YOU WANT TO BUY SOMETHING . . . OR GO SOMEWHERE

Suppose you are looking for a restaurant — just do this:

First find "RESTAURANTS" on the "R" pages.

Then pick out the one whose message appeals to you most, or specializes in the kind of food you want, or whose location is convenient to you. Use the Yellow Pages in exactly the same way, whether you want a **MOVER, CARPET & RUG CLEANER, PLUMBING CONTRACTOR** or any one of hundreds of other products or services.

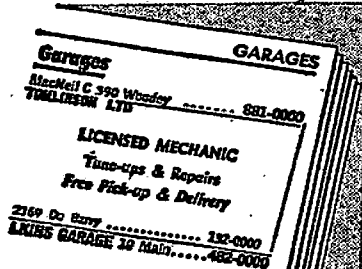

WHEN YOU HAVE FORGOTTEN A BUSINESS FIRM'S NAME BUT REMEMBER THE ADDRESS . . .

You may forget a business establishment's name but remember its location.

For example — you want a garage located on Dubarry Street.

Simply turn to the "GARAGES" classification.

Here you will find all the garages, and then all you have to do is look for the address which you know.

WHEN YOU WANT TO FIND A TRADE NAME PRODUCT OR SERVICE . . .

Suppose you want a dealer for a nationally known product. For example, let us assume you were looking for "Ful-Tone" Paint:

First turn to "PAINT" on the "P" pages.

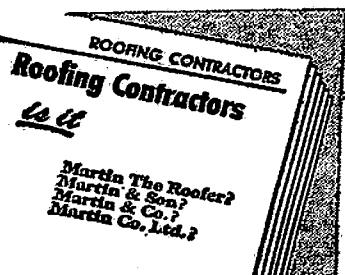

Then select your dealer from the list of "Ful-Tone" dealers. It is just as easy as using a dictionary.

EVEN WHEN YOU KNOW THE NAME . . .

The Yellow Pages will frequently help you.

Suppose you want to telephone Martin, the roofer. All the roofers are listed in the Yellow Pages at the classification of "ROOFING CONTRACTORS" on the "R" pages, and it is easier to find your Martin among the few listed under "ROOFING CONTRACTORS" than in the long list of Martins in the White Pages.

**USE THE CLASSIFIED,
IT'S AS EASY AS ABC**

**IF YOU HAVE DIFFICULTY IN FINDING WHAT
YOU ARE SEEKING IN THE YELLOW PAGES**

**Call Long Distance at no charge
and ask for . . . Calgary 263-5088 (Collect)**

Miss Yellow Pages will Gladly Lend a Helping Hand
Monday through Friday 8:00 a.m. — 5:00 p.m.

SURVIVAL IN A NUCLEAR WAR

THOUSANDS OF LIVES CAN BE SAVED IF THE PEOPLE OF ALBERTA KNOW THE CORRECT ACTION TO TAKE SHOULD A NUCLEAR WAR OCCUR. IT IS IMPERATIVE THAT THE FOLLOWING IMPORTANT FACTS ARE LEARNED AND REMEMBERED.

Emergency Warning

ATTACK WARNING:

The "Attack Warning" signal is a wailing (undulating) tone on sirens of three to five minutes duration or short blasts on horns or other devices repeated as deemed necessary. The Attack Warning means that an attack on North America has been detected.

On hearing the "Attack Warning" signal, protective action should be taken; here are some suggestions:

- If you are at home go to the basement or strongest part of your house or building which offers the best protection.
- Take your battery radio with you, or turn up the house radio so that you can hear while under cover.
- Stay away from windows.
- Lie down and protect yourself from flying glass and falling debris.
- Shield your eyes from the flash of an explosion.
- If you are away from home take protective cover immediately.
- If you are only a few minutes from a safe destination, proceed and take protective cover immediately.
- Listen to your radio for further instructions.

The same undulating signal may also be used following an attack to warn that radioactive fallout from nuclear explosions is approaching a particular area or region. Upon hearing this signal, you should listen to your radio for further instructions.

DON'T USE YOUR PHONE. Jammed switchboards could delay lifesaving messages.

DON'T PANIC. Warnings do not necessarily mean your area will be attacked.

DON'T GO OUTSIDE. Missing members of your family are probably sheltered elsewhere.

DO LEARN ABOUT YOUR COMMUNITY SURVIVAL PLAN. Contact your local Civil Defence Co-ordinator.

DO VOLUNTEER. Offer your services to your local Civil Defence organization.

DO PROVIDE YOUR FAMILY WITH FALLOUT PROTECTION — DO IT NOW.

Emergency Arrangements

ADVANCE PLANNING

A future war will be different from previous ones. There will be no time to make plans.

Families should plan ahead to provide themselves with fallout protection and emergency supplies.

A selection of booklets explaining the dangers of nuclear war, and outlining protective measures which should be undertaken in advance, is available free of charge from your local Civil Defence Organization, or by writing to Alberta Emergency Measures, Box 10,000, Edmonton.

EMERGENCY SUPPLIES

Your Family should be equipped with a two week supply of food and water in covered containers, clothing and blankets, emergency lighting, heating and sanitation equipment, a first aid kit, including special medicines required by members of the family, and, **MOST IMPORTANT OF ALL, A BATTERY OPERATED RADIO AND SPARE BATTERIES.**

DISPERSAL

If you live in the higher risk areas of Edmonton or Calgary and plan to evacuate if a warning is sounded, learn your dispersal route and have the emergency supplies listed above, ready for immediate use.

Radio broadcasts will inform you on the action to be taken immediately following the attack warning.

If you live outside the higher risk areas, you should remain in your house, pending broadcast instructions.

For further information contact your local Co-ordinator of Civil Defence or write

EASE YOUR EYES

Seamstresses should take a few minutes off each half hour for the sake of their eyes. Close work over a long period of time can put a strain on eyes and one way to lessen the fatigue is to glance off into the distance for a moment every now and then.

USING MORE SALAD OIL

Canadians are consuming more
cooking and salad oils than they
were 20 years ago, and showing
also a preference for vegetable oils.
One reason — increasing popu-

SUN BATHING TIPS
— Initial exposure to the sun
should be 30 minutes at the most.
— Never rely on tanning lotions
for complete protection.
— White reflects light to a greater
degree than colors.
— When using a beach umbrella,
place it over a dark towel to pre-
vent reflection.

Service that Saves You Time

When furnishings are scrubbed "steamed" or shampooed or when "do-it-yourself" sudsed powdered or sprayed much or all of the clinging, greasy grime goes deeper, to breed germs and to seep back to re-soil the surface.

When Duracleaned, soil comes OUT

Laboratory tests showed scrubbing took out only 46% as much soil as Duraclean. Do-it-yourself ways removed less or NONE.

Leading carpet and furniture makers recommend Duraclean. Craftsmen to take the soil OUT and to prolong the life of the fabrics and carpetings they make.

Editorial pages in House Beautiful, Parents' Magazine, House & Garden, McCall's commend Duraclean.

No soaking or scrubbing. Dull colors revive... pile rises... fabrics enliven.

7 ON-LOCATION SERVICES include: soil retarding, moth-proofing, replacing carpet tufts, fire resistance, control of carpet static, stain removal. Worldwide.

FLAT BACON

Does your bacon curl up and shrink
in the pan? Try this when frying
bacon. Fry in regular frying pan
but place bottom of another pan
directly over the bacon itself —
then put it over a low flame. Result
— nice flat pieces of bacon.

MORE INSTANT COFFEE USED
Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.

A HEAVY LOAD
Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.
