

ANNOYANCE TELEPHONE CALLS

The telephone in your home should be a pleasant and vital part of your everyday associations. It is the policy of Alberta Government Telephones to make sure you receive the best possible service from it.

Unfortunately, the service is often misused by persons who make annoying and obscene calls, often at random to our customers.

You, the customer, can assist in stopping this type of offence by following these rules:

1. Don't talk to prank callers or callers of whom you are doubtful. Don't be the gullible audience they seek.
2. Hang up at the first obscene or profane word. Hang up if the person refuses to speak. Remember, any sign on your part of indignation, fear, or interest only encourages future calls.
3. Don't panic at a telephone call reporting a death or emergency in your family. It may be a false report. Confirm the caller's identity and check the information before you accept the report as true.
4. If the offending calls persist, report the problem to your Alberta Government Telephones business office. We will assist and advise you, or refer you to the SECURITY DEPARTMENT, which can frequently help in identifying the origin of the calls and take action to stop them.

The customer can further assist by acquainting all persons who have access to his telephone, with the proper use of this service. Children frequently make annoyance calls without knowing this is wrong.

The Alberta Government Telephones will co-operate with law enforcement agencies with a view to curbing annoyance callers.

Section 23a. of the Alberta Government Telephones Act reads as follows:

A person who uses profane, obscene or abusive language while talking on telecommunication or over a telecommunication wire or by other means interferes with the use or enjoyment of telecommunication is guilty of an offence and liable on summary conviction to a fine of not more than one hundred dollars or to imprisonment for not more than six months.

The Criminal Code of Canada also provides penalties for threatening or indecent telephone calls.

Once you have been given your Postal CODE, it is a permanent part of your address. Your Postal CODE will change only if you move.

CARE OF IRON

The bottom sole plate of an old iron can be renewed to a glistening, glasslike finish if you'll rub it with some slightly dampened salt and a crumpled piece of paper. This treatment not only smooths scratches, but removes corrosion and starch from the bottom of the iron.

CARE OF IRON

The bottom sole plate of an old iron can be renewed to a glistening, glasslike finish if you'll rub it with some slightly dampened salt and a crumpled piece of paper. This treatment not only smooths scratches, but removes corrosion and starch from the bottom of the iron.

When furnishings are scrubbed "steamed" or shampooed or when "do-it-yourself" sudsed powdered or sprayed much or all of the clinging, greasy grime goes deeper, to breed germs and to seep back to re-soil the surface.

When Duracleaned, soil comes OUT

Laboratory tests showed scrubbing took out only 46% as much soil as Duraclean. Do-it-yourself ways removed less or NONE.

Leading carpet and furniture makers recommend Duraclean. Craftsmen to take the soil OUT and to prolong the life of the fabrics and carpetings they make.

Editorial pages in House Beautiful, Parents' Magazine, House & Garden, McCall's commend Duraclean.

No soaking or scrubbing. Dull colors revive... pile rises... fabrics enliven.

7 ON-LOCATION SERVICES include: soil retarding, moth-proofing, replacing carpet tufts, fire resistance, control of carpet static, stain removal. Worldwide.

SAVES WASHING

One way to save a bit of work is to beat egg whites before beating the yolks in recipes that call for separate beating. You won't have to wash the beater before beating the yolks.
