STEAM METHOD CLEANING

**STEAM VALET**

When furnishings are scrubbed "steamed" or shampooed or when "do-it-yourself" sudsed powdered or sprayed much or all of the clinging, greasy grime goes deeper, to breed germs and to seep back to reoil the surface.

**When Duracleaned, soil comes OUT**

Laboratory tests showed scrubbing took out only 46% as much soil as Duraclean. Do-it-yourself ways removed less or NONE.

Leading carpet and furniture makers recommend Duraclean Craftsmen to take the soil OUT and to prolong the life of the fabrics and carpetings they make.

Two friendly telephone habits... quick to answer when your telephone rings; SLOW to hang up when you call someone who does not immediately respond. When calling others, remember that the called person may be almost there... so wait a few seconds longer.

**KNOW YOUR TEA?**

A tea taster may be able to identify as many as 1,500 different teas. By examining a dry leaf, he can tell where the tea was grown, sometimes even the estate it came from, what time of year it was plucked, its probable taste and cost.

**PAINTER'S TIP**

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.

**CORNBREAD TIP**

To keep cornbread from sticking to baking pan, melt shortening in the pan and spread over bottom and sides of the pan. Set pan in refrigerator to firm up again. Pour cornbread to bake. The cornbread when baked can be removed easily and will not stick to the pan.
