## WHY CHOOSE A CHARTERED ACCOUNTANT?

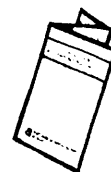

CAs have the **PROFESSIONAL TRAINING** - a combination of academic studies and practical experience - the **PROFESSIONAL STANDARDS** - of a self-governing profession that is aware of its public responsibilities - and the **RESOURCES** - both research and professional development programs that keep the profession up-to-date. It's only logical to choose a chartered accountant for **SERVICES** involving auditing; financial, management, and income tax advice; accounting systems; estate planning; or management consulting.

**NOT ALL ACCOUNTANTS ARE CHARTERED.** Although others offer these services to the public only those who have met the qualifying standards can, by law, be designated as chartered accountants.

## INFORMATION CONCERNING THE NEW POSTAL CODE SYSTEM

The Postal CODE is composed of both letters and numbers, in the form of ANA NAN, where "A" represents a letter of the alphabet, and "N" a number.

There is a space separating the first three characters, called Area Designator, from the last three, the Local Designator.

Once you have been given your Postal CODE, it is a permanent part of your address. Your Postal CODE will change only if you move.

## ADDRESS CORRECTLY

Return address ensures prompt return in case of non-delivery.

Proper prepayment prevents delay in delivery.

Mr. L. W. Jones  
Suite 530  
147 Laurier Ave. W.  
Ottawa, Ontario  
K1P 5J2

Mr. W. M. Smith  
Apartment 5  
150 Nepean St.  
OTTAWA, Ontario  
K2P 0B6

Always give full details of street address, apartment number and name of Post Office. Also include the postal code where applicable.

## POSTAL POINTERS

- 1) Address your mail fully, clearly and without misleading abbreviations.
- 2) Be sure to include apartment or suite number in address.
- 3) Place your return address in the upper left corner.
- 4) Give your correspondents your correct postal address including your postal CODE.
- 5) Never enclose coins or other hard objects in letters.
- 6) Send remittances by Post Office Money Order.
- 7) Properly pack parcels.
- 8) Place postage stamps in upper right corner. Prepay postage fully.
- 9) Insure your parcels and register letters of value.
- 10) Mail early and often. Mail deferred until the last moment may miss early despatches.

### 4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can build closer relations with customers.
- 3 You can use tact in delicate situations.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.

It's easier to understand and jot down numbers too, if they are spoken in sequence with pauses between groups of numerals. For instance, in reading aloud the telephone number of our business office, we would say, "Two two four (pause) six two, six one."

## 4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can build closer relations with customers.
- 3 You can use tact in delicate situations.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.
