FRONT COVER STORY

IN THE CENTRAL FOREST: The shady, moist woods of central Alberta host this low-growing plant. Found in both poplar and spruce forests, the bunchberry (*Cornus canadensis*) produces "flowers" of four white, petal-like bracts. These surround a cluster of diminutive true flowers which later form bunches of brightly-colored but tasteless berries.

The painting on the cover of this directory, one of a series illustrating the beautiful and varied wild flowers of Alberta, was prepared by an Alberta Government Telephones graphic artist. Reprints of this and other flowers in the series are available on request.

For reprints write to: **PUBLIC RELATIONS DEPARTMENT,
ALBERTA GOVERNMENT TELEPHONES,
P.O. BOX 2411, EDMONTON, ALBERTA T5J 2S4**

How fast can you flip?

**TRY THE *FLIPPER* TEST.
USE THE TELLTALES
TO FIND NAMES
AND NUMBERS FAST!**

Flip through your phone book. Notice the names printed in black type at the top corner of each page? They're just like the guidewords in a dictionary. We call them *Telltales*.

With them, looking up phone numbers is finger-flipping fast. *Try it.* Get the Telltales habit. You'll soon be hooked on the convenience.

Look it up yourself. It's faster!
