HATE DUST?

Rainbow

— "the machine of tomorrow-today!"

It's a dreadful nuisance, isn't it? And the harder you work the more dust you seem to have. Isn't that a fact? Put an end to this vicious circle. See how the Rainbow traps dust in water and how you can pour it out of your home forever. There are no filters or bags to buy, either.

IT'S IN YOUR BEST INTEREST TO CHECK FIRST

If you plan to build or have to excavate, you can avoid accidental damage to cables by checking first.

Before digging starts, Dial "0"
 Zero & ask for Zenith 07128
 (No Toll Charge)

For your own protection and your neighbours', it pays to make sure you are on "safe ground." A severed cable may put hundreds of telephones out of service.

NON-SMOKERS' AID
 A candle burning in a room where people are smoking will protect the non-smokers from irritation.

CALL BY NUMBER
 ... it's quicker
 Calls go through more quickly when you can give the Long Distance Operator the telephone number you are calling.

When in doubt about a telephone number, please look in the telephone directory first. That helps you, helps others, and helps telephone people to do a better job for you.
