Telephone calls used to be a scream but today, a normal voice will do. The difference is improved transmission - better ways to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once promptly often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
