Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

WATCH DOGLoyal. Always around,

UTENSIL TIP

Nonstick kitchen utensils, especially bakeware, should be oiled before the first use to condition the surface. One method is to wipe the surface with a paper towel soaked in salad oil.

WE RENT-SELL-LEASE

WINTER DRIVING
A couple of sandbags in the trunk is a good idea in winter — they add weight and the sand can also be used to give you traction on ice.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

It's easier to understand and jot down numbers too, if they are spoken in sequence with pauses between groups of numerals. For instance, in reading aloud the telephone number of our business office, we would say, Two two four (pause) six two, six one."
