**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can use tact in delicate situations.
- 3 You can build closer relations with customers.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.

**HATE
DUST?**

Rainbow
— "the machine of
tomorrow-today!"

It's a dreadful nuisance, isn't it? And the harder you work the more dust you seem to have. Isn't that a fact? Put an end to this vicious circle. See how the Rainbow traps dust in water and how you can pour it out of your home forever. There are no filters or bags to buy, either.

Telephone calls used to be a scream but today, a normal voice will do. The difference is improved transmission—better way to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.
