DON'T KEEP IT A SECRET!

Tell the ready-to-buy people about the products and services you sell.

Advertise in the YELLOW pages! Display the brand names of the products you sell and repair.

Make it easier for people to buy from you.

Service for Architects, Engineers and Builders: that's where to call if you're building a house and you want to arrange for special telephone outlets. This service is also available to builders of large apartment, office and industrial complexes.

SCRATCHED WOODWORK

One way to repair deeply scratched woodwork is by filling the scratches with a mixture of fine sawdust and spar varnish. After this filling has hardened completely, smooth it down with fine sandpaper.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

SCRATCHED WOODWORK
One way to repair deeply scratched woodwork is by filling the scratches with a mixture of fine sawdust and spar varnish. After this filling has hardened completely, smooth it down with fine sandpaper.
