It's easier to understand
 and jot down numbers too,
 if they are spoken in
 sequence with pauses
 between groups of numerals.
 For instance, in reading
 aloud the telephone
 number of our business
 office, we would say, "Two
 two four (pause) six two,
 six one."

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE
 You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
