MOST VALUABLE

The most valuable part of the potato-protein and mineral matter is directly under the skin, so to cut thick parings is to throw away good food. It is really better to cook potatoes in their skins.

GARLIC ANYONE?

For those who like only a slight hint of
garlic in salads, toss a clove of garlic into
a bottle of vinegar. A delightful home-
made garlic vinegar is on hand for salad
dressings without messy preparation from
garlic buds.
