It's easier to understand and jot down numbers too, if they are spoken in sequence with pauses between groups of numerals. For instance, in reading aloud the telephone number of our business office, we would say, Two two four (pause) six two, six one."

RIGHT WAY

Before dialing, look up the number if you're in doubt.

If it's not listed, ask "Information."

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once
promptness often prevents loss of a
customer.

You can build closer relations with
customers.

You can use tact in delicate situations.
And because men talk more freely
than they write, you can frequently
trace the real reason for the com-
plaint and prevent similar complaints
in the future.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

MOTORISTS

It's always a good idea to keep a set of tools in your trunk in case of emergency. Include a properly inflated tire, jack, jumper cables, flares, clean rags, screw driver and wrench.
