(See Our Display Advertisement)

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

Don't SHOUT on the telephone.
It's hard on you — and the person
you are talking with.

Keep watching the dial . . .
and you'll dial accurately.
Remember to pull the
finger all the way to the
stop . . . let the dial return
at its own speed. Speeding
up or slowing down the
dial's return may interfere
with perfect operation of
the equipment for you.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

You can talk over matters at once.
Promptness often prevents loss of a
customer.

You can build closer relations with
customers.

You can use tact in delicate situa-
tions. And because people talk more
freely than they write, you can fre-
quently trace the real reason for the
complaint and prevent similar com-
plaints in the future.

THE ASSOCIATION
OF PROFESSIONAL
ENGINEERS, GEOLOGISTS,
GEOPHYSICISTS OF ALBERTA
(APEGGA)

"P. ENG."
"P. GEOL."
"P. GEOPH."

Authority to use the title of Professional Engineer, Professional Geologist or Professional Geophysicist in Alberta is granted, by law, only to those who have proved their personal and professional qualifications. It is earned by the possession of acceptable training and experience.

A strongly enforced Code of Ethics guards the interests of employers, clients and public.

Your protection demands the service
of Professional Engineers,
Geologists & Geophysicists.
