4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE
 You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

It's easier to understand and jot down numbers too, if they are spoken in sequence with pauses between groups of numerals. For instance, in reading aloud the telephone number of our business office, we would say, "Two four two (pause) six two, six one."
