City of Edmonton Telephone Department

Rules and Regulations

1. Telephone Instruments and Connecting Wires are furnished to subscribers for use in accordance with rules prescribed by the Department from time to time and are to be used only by the subscriber, his agent, or employees when engaged upon his business. The equipment must not be used for receiving or delivering any communication in respect of which a consideration has been or is to be paid by any other party except as permitted by the rules of the Department.

2. Unlimited Telephone Service will not be furnished where the equipment is accessible to the general public. Where the traffic originated by general public on any telephone exceeds that of the subscriber, the Department shall have the right to change the location of the equipment without notice.

3. Subscribers are not allowed to transfer the Telephone Number assigned to them, their service, or their contract to any other party unless arrangements are made in advance with the Department.

4. The Wires and Instruments over which service is furnished, together with the telephone numbers remain at all times the property of the Department, and subscribers must not allow any mechanical or electrical apparatus to be connected with said wires and instruments without the consent of the Department.

5. The Initial Installation period shall be for three months' service unless otherwise specified. Payment must be made in advance and no rebate, transfer or allowance will be made on any initial payment for service.

6. All Accounts are due and payable when rendered, and payment should be made not later than the fifteenth (15th) day of the current month. To accounts remaining unpaid thirty (30) days after date rendered, a deferred payment charge of fifty cents will be added. If rentals on current quarter's service remain unpaid at 30th day of first month of any quarter, service may be discontinued. In case service is discontinued for non-payment of rental, \$1.00 shall be charged for re-connection.

7. Breakages and Damages.—The subscriber shall be liable for all breakages or damage to the Telephone Equipment, except from unavoidable accidents.

8. The Department shall endeavor to render continuous service but shall not be liable for interruptions due to causes beyond the Department's control.

9. Rebate for Loss of Service.—No rebate for interruption to service can be made unless written notice is given to the Department immediately after such interruption has been repaired, and no rebate for interruptions will be allowed unless both "in" and "out" have been unavailable for a period of 36 hours.

10. The Use of Profane or abusive language over the Department's telephone equipment is prohibited. Persons using the equipment to the annoyance of other subscribers are liable to prosecution.

11. The Minimum Charge for Business or Residence Service is \$7.00 and \$5.00 respectively. These charges are made on periods of one day to one month. Any period over one month, the regular quarterly rate will apply.

12. The Department will not supply Residence or Domestic Service to any premises where any business for profit is carried on unless Commercial Service has already been contracted for. Premises is hereby defined as any building or portion thereof.

13. Temporary Disconnection.—After one year's continuous service a subscriber, owing to the temporary closing of his residence, may have his service discontinued for a period not exceeding three months without cancelling contract or having telephone removed, if arranged and paid for in advance. This arrangement carries with it traffic and information service at a cost of 60 cents each way.

14. If a Telephone installed for service at the Residence Rate be used for the purpose of a business or profession, the Department may charge the business rate for such service without regard to the date to which the subscriber has paid for service at the Residence Rate. This also applies to subscribers, for Residence service only, who advertise their telephone number in connection with any business.

15. Moves and Changes.—The telephone is first located where subscriber directs and must not be moved or interfered with. When the subscriber desires to have the telephone moved to another location, notice must be given in writing at least two days before the move is required. All moves and changes shall be charged at standard rates, fixed from time to time.

16. Notice of Discontinuance of Service on the part of the subscriber is only valid when made in writing and such should be received by the Department at least six days before the end of any subsequent rental period.

17. Telephone Numbers.—A subscriber's telephone number is not a part of the application or contract for service and it may be changed by the Department at any time, where the requirements of the service so demand.

18. Directories.—The necessary issue of subscribers' telephone directories shall be published from time to time. These directories are at all times the property of the Department and are loaned to subscribers for their convenience and not as a part of any contract. No part of the advertisements printed upon the cover shall be defaced, covered up or concealed by encasing this directory in any additional cover or otherwise howsoever. The Department assumes no liability whatever because of errors or omissions in any copy of the book. Subscribers shall be supplied with one copy of each issue for each automatic telephone in service, additional copies shall be paid for by the subscriber. Each subscriber is allowed one listing in the directory under the alphabetical list. Each Business telephone is allowed one listing in the classified section. All other listings shall be charged for.

19. Joint Users.—A joint user is defined as one who has obtained permission from a subscriber for the use of his service. For such Business service the Department shall charge an annual rental of \$20.00 payable quarterly in advance. For such Residence service the Department shall charge an annual rental of \$5.00 payable half-yearly in advance. Joint users of telephone service will have similar privileges in the telephone directory as subscribers for direct line service.

20. Extra Listings are inserted in the directory under the telephone number of the direct line subscriber; such extra listings are allowed only where one interest is responsible, and are not allowed for separate companies or businesses.

21. Subscribers are supplied with all telephone apparatus necessary for good service, therefore the attachment of the various unauthorized devices offered for sale, which are supposed to eliminate noise, improve the transmission, supplant telephone directory, etc., cannot be permitted. All such devices are unnecessary and many are detrimental to the service. They are made simply to sell and with the completion of the sale the selling agent's interest ceases. Should unusual conditions necessitate the use of special apparatus the Department will be glad to furnish same at reasonable rates.

22. Discounts.—Five per cent. discount will be allowed on all bills for actual telephone rentals if paid on or before the 10th day of current quarter. No discount will be allowed on the initial payment for telephone service.

23. Temporary Construction.—Any applicant for service whose premises are more than 500 feet distant from that point where the Department's standard construction exists, will be required to pay the additional labor and construction costs involved in the installation of the service.

24. Wiring in New Buildings.—Where telephone service may be required in Blocks, Warehouses, and large Residences, the owner must have installed during the course of construction, special telephone conduits, and the necessary fittings satisfactory to the Department, at his expense. All other wiring charges will be borne by the Department.

25. Labor Charges on Extensions.—Where the cost of any extension to existing equipment is considered by the Superintendent of the Department to be excessive in comparison with rental returns, the installation cost will be charged to the Subscriber.

26. Any Violation of any of the rules and regulations herein contained shall automatically cancel the Department's contract with subscriber.

Approved by City Council.

DIRECTORY NOTICES

This Directory is the property of the City Telephone System.

Subscribers are requested to report promptly to the City Telephone System, in writing, any error which may appear in this Directory.

USE THE DIRECTORY, never try to remember a telephone number. To try to remember it is to begin to guess. It is all right if you do remember it, but if you have the least doubt about it, look it up and thus save time and trouble not only for yourself but for the one whom you carelessly disturb by guessing the wrong number.

Extra Listing Service. See Rule 20 Department Rules and Regulations.

Additional copies of this issue, 75 cents; outside points \$1.00, mailed free.
