EMERGENCY SURVIVAL ACTION!

SHOULD A NUCLEAR WAR OCCUR, IT IS IMPERATIVE THAT THE PEOPLE OF ALBERTA KNOW WHAT ACTION TO TAKE IN THE INTEREST OF SURVIVAL. THE FOLLOWING ARE IMPORTANT POINTS TO BE REMEMBERED:

MEANING OF THE WARNING SIGNALS

a. ALERT WARNING:

On sirens, horns, whistles, etc. Steady blast, 3 minutes.
Listen to your radio for instructions.
Don't use the telephone.
All members of the Civil Defence Corps will report for duty as instructed by Civil Defence authorities.

b. TAKE COVER WARNING:

SIRENS: Rising and falling note, 3 minutes.
Horns, whistles etc.: series of short blasts, 3 minutes.
Take cover immediately in best available shelter.

IN A BUILDING: If there is no prepared shelter, go into basement or to an interior first floor room. Stay there until you get word you may leave.

OUTDOORS OR IN A CAR: Go to the nearest shelter. If you cannot reach prepared shelter, lie flat on the ground, face down, or crouch on floor of car.

EMERGENCY ARRANGEMENTS

a. FALLOUT SHELTER:

If you are interested in a family fallout shelter, copies of the 40-page booklet, "Your Basement Fallout Shelter" are available on request from Alberta Emergency Measures Organization. Your fallout shelter should be equipped with a two-week supply of the following items:

Food and water in covered containers
Essential medicine
Clothing and blankets
Sanitation facilities
Battery radio

b. DISPERSAL:

If you live in a target area and plan to leave in case of a nuclear attack (if conditions are favorable for such a move), know your dispersal route, and have immediately available a kit of food, water, first aid supplies, battery operated radio, and blankets. If you live outside the target areas, you should remain in your own home.

You will be informed by radio broadcast as to the advisability of dispersal, immediately following the alert warning on the sirens.

PREPARATIONS WHICH CAN BE MADE NOW . . .

- Learn your community plan for emergency action. Contact your local Civil Defence Director or your Municipal Office.
- Take steps to protect yourself from radioactive fallout. Construct your family fallout shelter if you want adequate protection.
- Enroll for Civil Defence courses and courses in first aid and home nursing.

BE SURE! TO DIAL CORRECTLY!

- Your call will not go through to the correct location if dialed incorrectly.
- The Letter "O" as in HOmestead is located in the "6" hole of your dial and is spoken as "OH".
- The numeral (figure) "0" is located in the last hole on the dial after "9" and is spoken as "Zero".
- For complete Step-by-step dialing instructions see Page 2 of the Edmonton and Vicinity Telephone Directory.

IT'S EASY TO DIAL

FIRST

CONSULT YOUR DIRECTORY

If the number is not listed call Information (Dial 113) for the number and jot it down for reference.

SECOND

LISTEN FOR DIAL TONE — a steady humming tone, indicating that the equipment is ready for your call. If you do not hear the dial tone within a reasonable time, hang up, wait for a few seconds and try again.

THIRD

DIAL THE FIRST TWO LETTERS and the **CORRECT NUMERAL** of the office name, then the four numerals of the number. For example, to dial HO 6-3580 dial H-O-6-3-5-8-0. For each letter of numeral turn the dial all the way around to the finger stop, then release the dial and allow it to return without interference. If your finger slips while dialing or you make an error, hang up, wait a moment, listen for the dial tone and dial again. If the telephone number is composed of numerals only, dial the numerals in their respective order.

- Always refer to the numeral "0" as Zero, and the letter "O" pronounced as "Oh".

FOURTH

AFTER YOU DIAL

1. **Listen for Signals:** RINGING—Soft intermittent bur-r-r-r; BUSY—buzz-buzz-buzz.
2. Wait at least a minute for called party to answer his telephone.

How to Dial the new 2-5 numbers

These telephone numbers consist of:

- (a) A prefix—office letters and a numeral—like HO 6,
- (b) The subscriber number—four more numerals, like 3580.

To dial the number HO 6-3580: Lift the receiver—wait for the steady hum-m-m-m of the dial tone—then

It's as easy as that.

If you give this number to the operator, or repeat it to a friend, the easy way to say it is to break it up like this:

"HOMestead 6 . . . three-five . . . eight-zero".

This is the best way to say it—to understand it—to remember it.

The City of Edmonton Telephone System

RULES AND REGULATIONS

The following Rules and Regulations apply only to subscribers and other persons using the facilities of the City of Edmonton Telephone System (hereinafter referred to as "the System") and do not apply in connection with the various connecting companies whose listings appear elsewhere in this directory.

CONDITIONS OF SERVICE

1. **Telephone Instruments, Equipment and Connecting Lines** are furnished to subscribers for use in accordance with Rules and Regulations as prescribed by the System from time to time and are to be used only by the subscribers and persons associated with them.

2. **Telephone Service** will not be furnished where the equipment is accessible to the general public. Where the traffic originated by the general public on any telephone exceeds that of the subscriber the System shall have the right to change the location of the equipment without notice.

3. **Telephone Equipment Furnished by the System** must not be used for transmitting, receiving or delivering any message or communication for which a consideration has been or is to be paid to any party other than the System except as permitted by the System.

4. **Subscribers Are Not Permitted** to transfer the telephone number assigned to them, their service, or their contract to any other party unless arrangements in writing are made in advance with the System.

5. **If a Telephone Installed for Service** at the residence rate is used for purpose of a business, profession or other than for the usual requirements of a residence, the System may charge the business rate for such service without regard to the date to which the subscriber has paid for service at the residence rate.

6. **The Use of Any of the System's Facilities** in connection with gambling or any other practice contrary to law is forbidden.

7. **The Use of Obscene, Profane or Abusive Language** while using the telephone is strictly forbidden and service to persons using the telephone to the annoyance of other subscribers may be discontinued.

8. **The Instruments, Equipment and Connecting Lines** by means of which telephone service is furnished shall remain the property of the System and the subscriber shall not remove, alter or make any attachment thereto. The subscriber agrees to compensate the System on demand for any damage, loss or destruction of the System's instruments, equipment or wires whilst in or upon the premises of the subscriber except where such damage, etc., in the opinion of the System occurs due to unavoidable accidents.

9. **The System Shall Endeavor to Render Continuous Service** but shall not be liable for interruptions to service due to causes beyond the control of the System. No rebate for interrupted service will be made unless written notice is given to the System immediately after such an interruption has been repaired. No rebate for interrupted service will be allowed unless both "in" and "out" service have been unavailable for a minimum of thirty-six hours.

INSTALLATION, MOVING AND EXTRA CONSTRUCTION

10. **Telephone Instruments and Equipment** are located initially where the subscriber directs, subject to the approval of the System, and must not be moved or otherwise interfered with.

11. **In Buildings Requiring Special Cables and Wiring** to furnish telephone service, the owner of the building, at his own expense, must arrange for terminal boxes, conduits and special fittings for the distribution cables and wires in accordance with the specifications of the System.

12. **Any Applicant for Telephone Service** whose premises are more than 500 feet distant from the nearest point where the System's standard facilities exist will be required to pay the additional labor and construction costs involved in the installation of the service.

13. **Telephone Service into Trailers** will require a deposit of \$25.00 before installation.

14. **When the Subscriber wishes to have telephone instruments or equipment moved** to another location, notice must be given in writing at least ten days before the move is to take place. Charges for moving and other charges to telephone instruments or equipment are published in the Rate Schedule of the System.

15. **Where the Cost of Installation of an extension** to existing equipment is considered by the Superintendent of the System to be excessive in comparison with rental returns, the installation cost will be charged to the subscriber.

16. **Defacement of Premises.** The City of Edmonton Telephone System shall not be liable for any defacement or damage to the subscriber's premises resulting from the existence of wiring or equipment, the property of the City of Edmonton Telephone System on such premises or by the installation, maintenance or removal thereof, provided, however, that any unnecessary damage occasioned by negligence may be made good. In cases where the subscriber is not the owner of such premises, the subscriber shall indemnify and save the City of Edmonton Telephone System harmless from all such liability.

TELEPHONE NUMBERS

17. **A Subscriber Shall Have No Property Right** in the telephone number assigned to him and shall have no right to continuance of service through any particular central office or exchange. The System shall have the right to change the subscriber's telephone number or central office prefix, or both, whenever necessary for the improvement of service.

INITIAL CONTRACT PERIODS

18. **The Initial Contract Period** for all services and facilities furnished by the System shall be one month, except as stated below and as may be specifically stated in the Rate Schedule of the System.

19. **The Initial Contract Period for Private Branch Exchanges** and private automatic branch exchanges shall be at the discretion of the System. Where the expansion of a private branch exchange or private automatic branch exchange entails large expenditures, the additional equipment involved will be installed subject to a further initial contract period, also at the discretion of the System.

20. **The Initial Contract Period of Directory Listings** and for joint user service where the listing actually appears in the directory shall be the directory period.

21. **No Rebate, Transfer or Allowance** will be made on any initial payment for service.

PAYMENT FOR SERVICE

22. **Rental Charges for Telephone Service** are payable monthly in advance at rates shown in the Rate Schedule of the System.

23. **All Accounts Are Due** and payable when rendered, and payment should be made within twenty days from the date of the bill. When accounts remain outstanding after twenty days from the date of the bill, service may be discontinued. When service has been discontinued because of non-payment of an account, a re-connection fee may be levied as shown in the System's Rate Schedule.

TEMPORARY SUSPENSION OF SERVICE

24. **A Subscriber may have his telephone service temporarily discontinued** without cancelling his contract or having his telephone removed by requesting a suspension of service subject to the following conditions.

- (a) Arrangements for temporary suspension of service must be made in writing in advance, and the service must be paid for at the full rate in advance.
- (b) A special interception and information service is provided for all lines on which service is temporarily suspended. The charge for this service is shown in the System's Rate Schedule, and is levied in addition to the regular service rental referred to above.

JOINT USER SERVICE

25. Joint Users Are Defined as those who have obtained permission from subscribers to make use of their telephone facilities. Joint users will have telephone directory privileges similar to those accorded subscribers having direct line service. Monthly rental charges for business and residential joint user telephone service are shown in the System's Rate Schedule. The cancellation of joint user service where listings have appeared in the directory may become effective only at the expiration of the current directory issue.

The City Telephone System will not permit a person or firm to use a listing that is only descriptive of an occupation, business or calling since such a listing may tend to confuse or mislead persons using the directory; each listing shall reasonably identify the particular person or firm and when in the opinion of the Superintendent of the System or his nominee a listing does not do so, then the listing may be refused.

EXTRA LISTINGS

26. When a Subscriber for Business Service is carrying on a business under more than one name, extra listings may be requested for insertion in the alphabetical and classified sections of the directory at monthly charges shown in the Rate Schedule of the System. Extra listings are permitted only where one business enterprise or interest is involved, and are not allowed for separate companies or businesses.

The right is reserved to remove or amend any listings found to be contrary to law or to the regulations of this section.

RECORDING OF TELEPHONE CONVERSATIONS

27. A Short "Beep" Tone heard over the telephone at intervals of about fifteen seconds during a conversation indicates that the person to whom you are talking is recording the conversation by means of an electrical recording machine connected to the telephone line. The signal is produced automatically by a device which connects the recorder to the telephone line and is provided by the System for your protection.

28. If You Do Not Want Your Conversation Recorded ask the person to whom you are talking to disconnect the recorder. When the recorder is not connected, the "beep" tone is not heard.

29. The Use of a Recorder on telephone lines without the tone generating connection unit is contrary to the rules and regulations of the System.

ATTACHMENTS TO TELEPHONES

30. Subscribers Are Supplied with all telephone apparatus necessary for good service. Therefore, the attachment of the various devices offered for sale cannot be permitted. All such devices which are supposed to eliminate noise, improve the transmission, supplant the telephone directory, etc., are unnecessary and may be detrimental to good telephone service. They are made simply to sell and with the completion of the sale the selling agent's interest ceases. Where unusual conditions necessitate the use of special apparatus the System will be pleased to furnish that equipment at reasonable rates.

TELEPHONE DIRECTORIES

31. Telephone Directories shall be published from time to time at the discretion of the System. These directories remain the property of the System and are loaned to subscribers as an aid to good telephone service. Telephone directories are copyrighted publications and their contents must not be reproduced without permission.

32. Subscribers Shall Receive Without Charge one copy of each directory issued for each automatic telephone in service. Additional copies will be supplied as requested in writing, at the rate shown in the Rate Schedule of the System.

33. For Each Individual Exchange Line, one single-line entry in the alphabetical section of the directory is provided each subscriber without charge. Each business-rate subscriber is entitled, in addition to the above, to one single-line entry in the classified section without charge. All advertising and additional listings shall be charged for in accordance with the Rate Schedule of the System.

34. Errors or Omissions which may appear in this directory should be reported to the System in writing.

35. Every Precaution is Taken to prevent errors or omissions in directories but the System will assume no liability for damages caused to subscribers by such errors or omissions in the preparation and printing of this directory. The System will not take part in any controversy arising between subscribers as a result of listings published in this directory.

VIOLATION OF RULES AND REGULATIONS

36. Violation of Any of the Rules and Regulations stated above shall, at the option of the City Commissioners, cancel the System's contract with the subscriber.
