HELPFUL INFORMATION

The "Beep" Tone

If you hear a short beep tone about every 15 seconds it indicates that the person with whom you are talking is recording your conversation by means of an electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and is provided by the Telephone Company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Use of a recorder without this signal is not permitted.

Your Business Number is Important

It's good business to make it easy for your customers to reach you. Include the area code 403 in front of your telephone number on all stationery, statements, and advertising material, as it helps out-of-province parties reach you faster.

Pay-Station Service for your Convenience

Pay-Station Telephones are installed throughout Alberta for the convenience of our Customers and the general public. Local conversations should be limited to five minutes in the interests of better service.

Long Distance service is furnished at regular tariff rates upon deposit of the amount of the initial charge (covering three minutes conversation), the usual charges being made for excess time.

Telephone as you would be telephoned to . . .

When your telephone rings answer promptly, and cheerfully identify yourself. If you smile while you are talking on your telephone; the smile will be heard in your voice.

Communication Consultants

Your Telephone Company provides a staff of competent Consultants capable of meeting every communication need that may exist in your residence and business activities.

The Consultant is interested in you and your communication problems.

With his knowledge of communication, you benefit by using the equipment or service best-suited to your requirements.

"KNOW YOUR COMMUNICATION CONSULTANT"
Edmonton 429-2711 — Calgary 263-5350
CALL COLLECT

Communication Services

Listed below are some of the main services offered by your Telephone Company, in addition to regular telephone service:

Teletypewriter Exchange Service (TWX)
Teletype
Intercom Systems

Switchboard Equipment
Facsimile Systems
Mobile Radio
Data Service
Paging Systems
Special Feature Telephone
Closed Circuit Television

Telephone Planning

**For
Future
Needs**

Assistance is available in planning telephone needs for new or remodeled homes or office buildings. Arrangements can be made to have the builders provide for present and anticipated future telephone requirements, so that the wiring can be concealed without marking walls or woodwork. For further information please contact your Business Office.
