

Alberta Government Telephones

Head Office: C.P.R. Building, Edmonton

Calgary Office: 119 - 6th Avenue West

How to Transact Business

With the Department of Telephones

Applications for New Service—Changes in Location—Termination of Service

All matters relating to new telephone service, removals, termination of service, directory listings, adjustment of accounts, collection of bills, etc., are handled at the Business Offices of the Department.

Changes in Directory Listings

This telephone directory is issued regularly twice a year. Notification as to new listings, changes or corrections should be made to the Local Office at once.

Directory Advertising

For information as to space or rates for Directory advertising, please communicate with City Telephone Department, 10009 - 102nd Avenue, Edmonton.

.....

Terms and Conditions

Under Which Telephone Service is Furnished

Use of Telephone

1. The service furnished is for the exclusive use of the subscriber and members of the subscriber's household or the subscriber's employees upon the subscriber's business, and the subscriber shall not extend the use of the telephone to any other person, nor shall the subscriber transmit messages for any other person; and if a residence telephone is used for business or professional purposes the Department may charge therefor the rate charged for business or professional telephones. The residence telephone number of a subscriber may be advertised only in conjunction with the advertising of his business telephone number.

The Department will endeavor to keep the lines and instruments in good working order and undertakes to clear trouble or make repairs with all reasonable despatch, but does not guarantee uninterrupted service.

The right of the subscriber is to use the instruments and connecting lines where the Department may place them, but not elsewhere, under such rules as the Department may from time to time prescribe.

The use of obscene, profane or abusive language while using the telephone is strictly forbidden and service may be immediately discontinued for violation of this rule.

2. The instruments and all accessories connected therewith shall remain the property of the Department and the subscriber shall not remove, alter, or make any attachment thereto; and the subscriber agrees to compensate the Department on demand for any damage, loss or destruction of the Department's instruments and accessories whilst such instruments and accessories are in or upon the premises of the subscriber.

Construction

3. When it is necessary to erect poles or anchors in order to carry the wires from the main telephone line on the road allowance or street to the applicant's premises, such poles and anchors in connection therewith will be supplied and erected by the Department at the expense of the applicant.

Charges—How Paid

4. All charges for installations, moves, and monthly rentals shall be paid in advance, which shall entitle the subscriber to service with all subscribers connected to the same exchange. Regular toll rates will be charged for all service to points outside of the exchange.

5. Subscribers shall pay the installation charges, first rental instalment (and construction charges, if any) strictly in advance. Excess mileage charge

will be added if outside of exchange limits. If subsequent rental accounts remain unpaid after the 15th of the month, service shall be discontinued and no rebate or reduction shall be allowed for such interruption to service.

6. Subscribers shall pay monthly, at schedule rates, for all messages and conversations over the Long Distance lines. If said accounts remain unpaid after the 15th of the month, further credit shall be refused until account is paid.

7. Subscribers shall pay promptly, upon presentation of account, all charges for other miscellaneous items. If these charges are not paid within 15 days, service shall be discontinued.

Complaints Re Long Distance Service

8. While the Department will carefully consider complaints in connection with toll service at any time received, it would be appreciated if subscribers would make such complaints immediately after conversation has taken place.

Vacation Allowance

9. Should a subscriber desire to have his Exchange Residence Service temporarily discontinued, owing to the closing of his residence, he may do so without cancelling contract or having telephone removed, and, if arranged for in advance in writing, an allowance of two-thirds of the rate per month will be made for a period of not less than one month and not exceeding three months in any one year. Subscriber shall state, when making application, the period for which he expects to be absent and shall pay for this period in advance. Subscriber will notify the Department when he wishes service resumed, either in writing or by calling at the office and signing re-connect order. Owing to the fact that Multi-Party Line Telephones cannot be disconnected without a special trip being made to their location, this regulation will not apply to Multi-Party Line Service.

Moves

10. The telephone is first located where the subscriber directs and must not be moved or interfered with. When the subscriber desires to have the telephone moved to any other location notice in writing should be given to the local office, at least ten days before the change is desired. The work will then be done as promptly as possible at regular charges.

Joint User Service

11. A joint user is a person, firm or corporation, who shares the subscriber's exchange service in accordance with tariff provisions. To facilitate this use of service, a directory listing is included.

Business joint user—one-third of business Wall-Set rate.

Residence joint user—Extra Directory Listing for each bona-fide member of Subscriber's family, \$1.00 per insertion, per issue. For each person not a member of Subscriber's family, listed in Alphabetical order, 50c per insertion per month.

Cancellation of Service

12. Subscribers giving up service must notify the Department in writing, or call at office and sign "Take Out" order. Failing to do this, subscriber will be liable for all charges up to date instrument is removed or taken over by a new subscriber.

Directories

13. The Department of Telephones assumes no liability on account of errors in or omissions from its directories. Telephone directories are and remain the property of Alberta Government Telephones. They are printed for the exclusive use of the Department's patrons and are loaned to its subscribers. All persons are cautioned against reproducing their contents, which are fully protected by copyright. Subscribers must not use any binder, holder or other attachments, except as provided by the Department.

Telephone Numbers

14. A subscriber's telephone number is not a part of the application for service, but numbers will only be changed when absolutely necessary or for the betterment of the service.

How to Use the Telephone

AUTOMATIC TELEPHONE

Consult the Telephone Directory for the correct number before you make a call. Do not trust to your memory.

Call "92" for Information if the person or firm you wish to call is not listed in the Directory.

1. **Look Up the Number.**—Note the letter preceding the number, indicating the Exchange to which the subscriber you are calling is connected.

2. **Remove the Receiver.**—Be careful not to move the hook at any time during the call.

3. **Listen for the Dial Tone.**—This is a steady humming sound, when received it indicates that the equipment is ready for you to dial.

4. **What to Dial.**—It is necessary to dial in turn, first the letter indicating the Exchange to which the subscriber called is connected, and then each figure of the number in rotation.

5. **How to Dial.**—Suppose you are calling M2301. To dial this number proceed as follows:—

(1) Remove receiver and listen for the dial tone.

(2) Place your finger in the hole over the letter "M".

(3) Turn the dial around until your finger strikes the finger stop, then lift your finger and allow the dial to return to rest without touching it.

(4) Repeat this operation for the figures 2-3-0-1. If you find that you have made an error before you have completed dialing, hang up the receiver for a few seconds, then remove the receiver, listen for the dial tone and after hearing it, dial your call again.

6. **Ring and Busy Signals.**—After you have finished dialing you should hear in the receiver either the ringing signal (an intermittent burr-rr-ing sound) indicating that the called telephone is being rung, or the busy signal—a rapid buzz-buzz-buzz—indicating that the called line is busy.

If you hear the ringing signal and receive no answer within a reasonable period, hang up the receiver and call later.

If you hear the busy signal hang up the receiver and after waiting a reasonable length of time call again.

If you hear neither signal within half a minute, hang up the receiver for a few seconds, then remove it and dial again—If the same condition is found after several attempts, dial "93" and report the condition to "Trouble" operator.

7. **After You Have Finished Talking.**—Hang up your receiver. This will disconnect you from the called telephone. Leave your receiver on the hook a few seconds before starting to make another call.

MANUAL TELEPHONE

Consult the Telephone Directory for the correct number before you make a call. Do not trust to your memory.

Ask for "Information" if the person or firm you wish to call is not listed in the Directory.

1. To Call the Operator give one long ring before removing the receiver from the hook and then hold the receiver to the ear.

2. When the Operator Replies by saying "Number?" give the number of the subscriber's telephone desired, slowly and distinctly. At Multi-office Exchanges, first indicate the exchange desired by the prefixed letter and then pronounce the number by digit.

Example:—"M1429" should be pronounced "M one four-two nine."

At other Exchanges pronounce the number desired by digits.

Example:—"175" should be pronounced "One-seven five."

3. Face the Transmitter with the lips almost touching the mouthpiece. Speak naturally, distinctly and not too rapidly.

4. Keep the Receiver to the Ear, and the Operator, after repeating the number, will connect you with the subscriber called for. If the desired line is found to be in use the operator will report "Line Busy."

5. When You Have Finished Talking place the receiver on the hook, small end up, and give a short ring. This gives the operator a signal to disconnect and you are then in a position to call another number or to be called.

NOTE:—At Camrose, Lloydminster, Hanna and Wetaskiwin (Common Battery Exchange) no ringing, except by rural line subscribers, is necessary. Simply remove receiver from hook and in all other respects proceed as instructed above, placing the receiver on the hook when conversation is finished.

6. Do Not Use the Telephone during a thunderstorm.

7. Rural Line Subscribers should limit their conversation to Five Minutes' duration and must not "listen in" to conversation not intended for them, as it interferes with the Service.

Complaints:—Complaints regarding telephone trouble and unsatisfactory Service should be made to the Local Manager, Agent or Chief Operator at the Office concerned, and if not rectified within a reasonable time, the matter should be referred to the General Traffic Superintendent at Edmonton.

AUTOMATIC EXCHANGES

Information:—Call Information "92" for numbers of New Subscribers, Changes, Long Distance Line Charges, New Toll Offices, etc.

Trouble:—Complaints regarding Telephone Troubles should be reported to Trouble Operator, Telephone No. 93. When reporting trouble give telephone number affected and its location, also state as accurately as possible just how trouble manifests itself. Try to be specific, as incomplete information frequently causes delay in locating nature of trouble.

If a line you are trying to call repeatedly tests "busy," notify Trouble Operator, who will investigate whether same is caused by an abnormal condition on line, or from use. If any line appears too busy for good Service write to the District Commercial Superintendent. Subscribers are requested not to engage Trouble or Information Operators in conversation longer than necessary, as by so doing the operator will be prevented from giving prompt attention to other patrons.

Information on the Use of Long Distance

Station-to-Station Calls

The Station-to-Station rate applies when it is not desired to establish communication with a particular person called.

Station-to-Station calls must be made by number whenever Telephone Directory information covering the called point is available. When such information is not available, the name or address under which the telephone is listed should be given, specifying that "anyone at that number will do."

Example:—"4567, J. H. Brown speaking. I want to speak to Springdale, 684," or "I want to speak to Springdale, anyone at Mr. John Jones' residence (or business) telephone."

On "Anyone" (Station-to-Station) calls reduced rates are effective from 7 p.m. to 12 midnight (approximately one-half the day rate) and further reductions are in force from midnight until 4.30 a.m. (approximately one-fourth the day rate), except to nearby points.

Person-to-Person Calls

When you specify an individual to whom you must speak (a Person-to-Person call) the rate is somewhat higher than for an "Anyone" (Station-to-Station) call. Person-to-Person calls require more operating time and there are no reductions during the evening or night hours, except for points in Manitoba, Eastern Canada and the United States. Place such calls with the operator in the same manner as Station-to-Station calls, specifying the name of the person with whom you wish to speak.

Appointment Calls

An Appointment Call is a Person-to-Person call requiring communication to be established at a specified time, and order should be given to the Long Distance operator in the usual manner.

Messenger Calls

A Messenger Call is a Person-to-Person call, necessitating the services of a Messenger to secure the attendance of a specified person, and order should be given to the Long Distance operator in the usual manner. The Messenger Service and Report charges in such cases must be prepaid by the calling party if the call is placed from a Public Pay Station.

Collect Calls

Collect Calls are Person-to-Person or Station-to-Station Calls, the charges for which are reversed, i.e., to be collected from the called party. In such cases the assent of the called party should be obtained before the connection is established.

Report Charges

Under certain conditions a Report Charge of approximately one-quarter of the Station-to-Station Day rate will be made on uncompleted Person-to-Person, Appointment and Messenger Calls, including Written Messages and Telegrams.

A Report Charge shall not be made on a Station-to-Station call except when the call is placed "Collect" and the charges have not been accepted.
