PAINTER'S TIP

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.

SUN BATHING TIPS

- Initial exposure to the sun should be 30 minutes at the most.
- Never rely on tanning lotions for complete protection.
- White reflects light to a greater degree than colors.
- When using a beach umbrella, place it over a dark towel to prevent reflection.

**4 GOOD REASONS
FOR HANDLING COMPLAINTS
BY LONG DISTANCE**

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can use tact in delicate situations.
- 3 You can build closer relations with customers.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.

KNOW YOUR TEA?

A tea taster may be able to identify as many as 1,500 different teas. By examining a dry leaf, he can tell where the tea was grown, sometimes even the estate it came from, what time of year it was plucked, its probable taste and cost.

ADD TO SHARPEN

If a recipe calls for sharp cheddar cheese and you only have mild cheese on hand, sharpen up the cheese flavor by adding a bit of dry mustard, pepper and worcestershire sauce to the recipe.

*complete
coverage
pays
dividends!*

Experienced ducks and duck-hunters know that the first requisite to success with wary, feathered, little blokes is a good duck blind . . . in other words, **complete coverage**.

And so it is with Yellow Pages advertising. The advertiser who represents his firm under all appropriate headings — has **complete coverage** — assures himself of maximum results.

Two friendly telephone habits ...
QUICK to answer when your tele-
phone rings; SLOW to hang up
when you call someone who does
not immediately respond. When
calling others, remember that the
called person may be almost
there ... so wait a few seconds
longer.
